NOTICE OF ADOPTED AMENDMENT

06/17/2014

TO: Subscribers to Notice of Adopted Plan
or Land Use Regulation Amendments

FROM: Plan Amendment Program Specialist

SUBJECT: City of Eugene Plan Amendment
DLCD File Number 002-14

The Department of Land Conservation and Development (DLCD) received the attached notice of adoption. A Copy of the adopted plan amendment is available for review at the DLCD office in Salem and the local government office.

Appeal Procedures*

DLCD ACKNOWLEDGMENT or DEADLINE TO APPEAL: Tuesday, July 01, 2014

This amendment was submitted to DLCD for review prior to adoption pursuant to ORS 197.830(2)(b) only persons who participated in the local government proceedings leading to adoption of the amendment are eligible to appeal this decision to the Land Use Board of Appeals (LUBA).

If you wish to appeal, you must file a notice of intent to appeal with the Land Use Board of Appeals (LUBA) no later than 21 days from the date the decision was mailed to you by the local government. If you have questions, check with the local government to determine the appeal deadline. Copies of the notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR Chapter 661, Division 10). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

*NOTE: The Acknowledgment or Appeal Deadline is based upon the date the decision was mailed by local government. A decision may have been mailed to you on a different date than it was mailed to DLCD. As a result, your appeal deadline may be earlier than the above date specified. NO LUBA Notification to the jurisdiction of an appeal by the deadline, this Plan Amendment is acknowledged.

NOTICE OF ADOPTED CHANGE TO A COMPREHENSIVE PLAN OR LAND USE REGULATION

FOR DLCD USE	002-14
File No.:	(20260)
	[17897]
Received:	6/10/2014

Local governments are required to send notice of an adopted change to a comprehensive plan or land use regulation **no more than 20 days after the adoption.** (See [OAR 660-018-0040](#)). The rules require that the notice include a completed copy of this form. **This notice form is not for submittal of a completed periodic review task or a plan amendment reviewed in the manner of periodic review.** Use [Form 4](#) for an adopted urban growth boundary including over 50 acres by a city with a population greater than 2,500 within the UGB or an urban growth boundary amendment over 100 acres adopted by a metropolitan service district. Use [Form 5](#) for an adopted urban reserve designation, or amendment to add over 50 acres, by a city with a population greater than 2,500 within the UGB. Use [Form 6](#) with submittal of an adopted periodic review task.

Jurisdiction: City of Eugene

Local file no.: **Z 14-2**

Date of adoption: 5/15/14

Date sent: 6/10/2014

Was Notice of a Proposed Change (Form 1) submitted to DLCD?

Yes: Date (use the date of last revision if a revised Form 1 was submitted): 3/13/14

No

Is the adopted change different from what was described in the Notice of Proposed Change? Yes No

If yes, describe how the adoption differs from the proposal:

City: Eugene

Zip: 97401-

PLEASE COMPLETE ALL OF THE FOLLOWING SECTIONS THAT APPLY

For a change to comprehensive plan text:

Identify the sections of the plan that were added or amended and which statewide planning goals those sections implement, if any:

For a change to a comprehensive plan map:

Identify the former and new map designations and the area affected:

Change from change.	to	acres.	A goal exception was required for this
Change from change.	to	acres.	A goal exception was required for this
Change from change.	to	acres.	A goal exception was required for this
Change from	to	acres.	A goal exception was required for this change.

Location of affected property (T, R, Sec., TL and address):

The subject property is entirely within an urban growth boundary

The subject property is partially within an urban growth boundary

If the comprehensive plan map change is a UGB amendment including less than 50 acres and/or by a city with a population less than 2,500 in the urban area, indicate the number of acres of the former rural plan designation, by type, included in the boundary.

Exclusive Farm Use – Acres:	Non-resource – Acres:
Forest – Acres:	Marginal Lands – Acres:
Rural Residential – Acres:	Natural Resource/Coastal/Open Space – Acres:
Rural Commercial or Industrial – Acres:	Other: – Acres:

If the comprehensive plan map change is an urban reserve amendment including less than 50 acres, or establishment or amendment of an urban reserve by a city with a population less than 2,500 in the urban area, indicate the number of acres, by plan designation, included in the boundary.

Exclusive Farm Use – Acres:	Non-resource – Acres:
Forest – Acres:	Marginal Lands – Acres:
Rural Residential – Acres:	Natural Resource/Coastal/Open Space – Acres:
Rural Commercial or Industrial – Acres:	Other: – Acres:

For a change to the text of an ordinance or code:

Identify the sections of the ordinance or code that were added or amended by title and number:

For a change to a zoning map:

Identify the former and new base zone designations and the area affected:

Change from AG	to R-1	Acres: 1.96
Change from	to	Acres:
Change from	to	Acres:
Change from	to	Acres:

Identify additions to or removal from an overlay zone designation and the area affected:

Overlay zone designation:	Acres added:	Acres removed:
---------------------------	--------------	----------------

Location of affected property (T, R, Sec., TL and address): 3527 Gilham Road - 17-03-08-31/02600, 02700, 02800, 03100

List affected state or federal agencies, local governments and special districts:

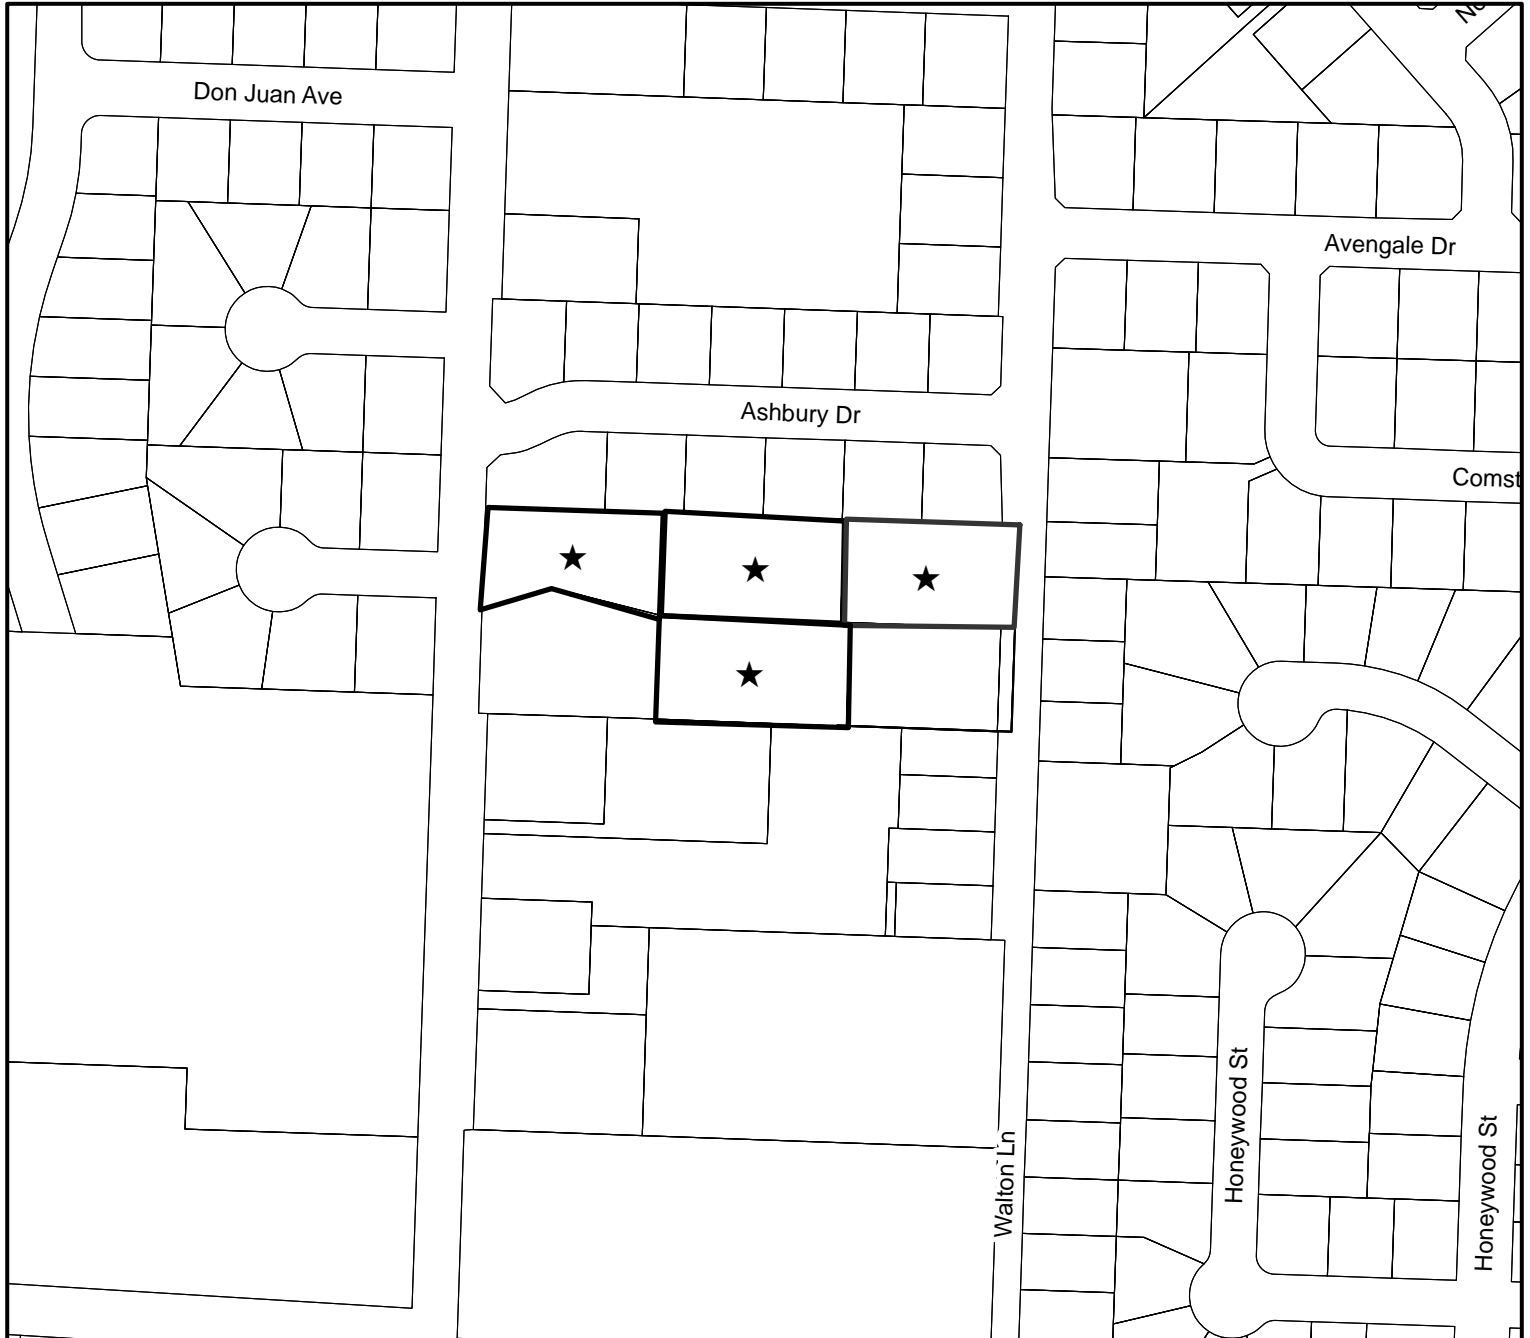

Identify supplemental information that is included because it may be useful to inform DLCD or members of the public of the effect of the actual change that has been submitted with this Notice of Adopted Change, if any. If the submittal, including supplementary materials, exceeds 100 pages, include a summary of the amendment briefly describing its purpose and requirements.

Nordic Homes (Z 14-2)

17-03-08-31/02600, 02700, 02800, 03100

Change in zoning from AG/UL Agricultural
with Urbanizable Land overlay to
R-1 Low Density Residential

Zoning

Subject Site

**DECISION OF THE HEARINGS OFFICIAL
FOR THE CITY OF EUGENE, OREGON**

ZONE CHANGE REQUEST

INTRODUCTION

Application File Name (Number):

Nordic Homes and Construction, LLC (Z 14-2)

Applicant's Request:

Zone change from AG Agricultural to R-1 Low-Density Residential.

Subject Property/Location:

Tax Lots 2600, 2700, 2800, and 3100 of Assessor's Map 17-03-08-31 located at 3527 Gilham Road.

Relevant Dates:

Zone change application submitted on February 13, 2014; application deemed complete on March 11, 2014; public hearing held on April 23, 2014.

Applicant's Representative:

Renee Clough of Branch Engineering represented the applicant.

Lead City Staff:

Becky Taylor, Associate Planner, Eugene Planning Division.

Summary of the Public Hearing

The Hearings Official held a public hearing on this application on April 23, 2014. The Hearings Official stated he had no conflicts of interests, was not biased, and had no *ex parte* communications to disclose. No person objected to the Hearings Official conducting the

hearing. Becky Taylor (Taylor), Associate Planner, and Gabe Flock, Senior Planner, were present for the hearing. Taylor presented the staff report, recommending approval of the zone change request. Renee Clough and the applicant stated that they agreed with the staff report and answered the Hearings Official's questions about storm water drainage. There was no testimony in opposition to the application. At the conclusion of the public hearing, the Hearings Official closed the record.

FACTS

The subject property is approximately 1.96 acres. The property was recently annexed into the City. The applicant intends to build single-family homes on each of the four lots. There are two accessory buildings on the property that will be used during construction, but will be removed prior to completion of the new homes. The surrounding area is primarily zoned and/or designated for low-density residential uses. The applicant requests that the property be rezoned from AG Agricultural to R-1 Low-Density Residential. The Metro Plan designation for the property is Low Density Residential. The proposed zone change seeks to bring the zoning into compliance with the plan designation.

DOCUMENTS CONSIDERED BY THE HEARINGS OFFICIAL

I have considered all of the documents in the planning file for the proposed zone change (Z 14-2) as well as the testimony provided at the public hearing.

ANALYSIS

Eugene Code (EC) 9.8865 provides the criteria for approval of a zone change:

“Zone Change Approval Criteria. Approval of a zone change application, including the designation of an overlay zone, shall not be approved unless it meets all of the following criteria:

- “(1) The proposed change is consistent with applicable provisions of the Metro Plan. The written text of the Metro Plan shall take precedence over the Metro Plan diagram where apparent conflicts or inconsistencies exist.

- “(2) The proposed zone change is consistent with applicable adopted refinement plans. In the event of inconsistencies between these plans and the Metro Plan, the Metro Plan controls.
- “(3) The uses and density that will be allowed by the proposed zoning in the location of the proposed change can be served through the orderly extension of key urban facilities and services.
- “(4) The proposed zone change is consistent with the applicable siting requirements set out for the specific zone in:
 “* * * * *
 “(f) EC 9.2735 Residential Zone Siting Requirements. * * * * *
- “(5) In cases where the NR zone is applied based on EC 9.2510(3), the property owner shall enter into a contractual arrangement with the city to ensure the area is maintained as a natural resource area for a minimum of 50 years.”

EC 9.8865(1)

EC 9.8865(1) requires that the proposed zone change be consistent with applicable provisions of the Metro Plan. The most obviously applicable provision of the Metro Plan is the plan designation for the property. The plan designation for the property is Low Density Residential, and the R-1 Low-Density Residential zone implements the Low Density Residential plan designation. Therefore, the proposed zone change is consistent with the plan designation.

The only Metro Plan policy identified as potentially applicable to the application is Policy A.2, which provides:

“Residentially designated land within the UGB should be zoned consistent with the Metro Plan and applicable plans and policies; however, existing agricultural zoning may be continued within the area between the city limits and the UGB until rezoned for urban uses.”

Although this policy does not provide a mandatory approval requirement for the application, the application fulfills and furthers this policy. The requested zone change is consistent with the plan designation and furthers the policies of the plan. Therefore, I find that the proposed zone change is consistent with the provisions of the Metro Plan and that EC

9.8865(1) is satisfied.

EC 9.8865(2)

EC 9.8865(2) requires that the proposed zone change be consistent with the applicable adopted refinement plans. In the present case, the applicable refinement plan is the Willakenzie Area Refinement Plan (WAP). The subject property is located within the North Region – Unincorporated Area of the WAP. The WAP designates the subject property as Low Density Residential, consistent with the requested zoning. None of the WAP policies appear to be applicable approval criteria. Therefore, I find that the proposed zone change is consistent with the provisions of the applicable refinement plan and that EC 9.8865(2) is satisfied.

EC 9.8865(3)

EC 9.8865(3) requires that the uses and densities allowed by the proposed zoning can be served through the orderly extension of key urban facilities and services. Key urban facilities and services are defined in the Metro Plan as: wastewater service, stormwater service, transportation, water service, fire and emergency medical services, police protection, city-wide parks and recreation programs, electric service, land use controls, communication facilities, and public schools.

Referral comments confirm that the uses and densities that will be allowed by the proposed R-1 Low-Density Residential zoning can be serviced through the orderly extension of key urban facilities and services. Therefore, I find that EC 9.8865(3) is satisfied.

EC 9.8865(4)

EC 9.8865(4) requires that the proposed zone change be consistent with certain applicable siting requirements, in this case EC 9.2735, which provides:

“Residential Zone Siting Requirements. In addition to the approval criteria of EC 9.8865 Zone Change Approval Criteria, a property proposed for the R-1.5 zone shall not exceed the area needed to accommodate up to 8 rowhouse lots and shall be located at least 500 feet, as measured along existing street public right-of-way, from any other property zoned R-1.5”

The proposed zone change is from AG Agricultural to R-1 Low-Density Residential and not R-1.5. Thus, EC 9.2735 is not applicable to the current application. Therefore, I find that EC 9.8865(4) is satisfied.

EC 9.8865(5)

EC 9.8865(5) requires that certain arrangements must be made with the City when an NR Natural Resource zone is applied based on EC 9.2510(3). The proposed zone change does not include any NR Natural Resource zoning, so this criterion does not affect the application. Therefore, I find that EC 9.8865(5) is satisfied.

Transportation Planning Rule

The Oregon Transportation Planning Rule (TPR), OAR 660-012-0060(1) provides:

- “(1) If an amendment to a functional plan, an acknowledged comprehensive plan, or a land use regulation (including a zoning map) would significantly affect an existing or planned transportation facility, then the local government must put in place measures as provided in section (2) of this rule, unless the amendment is allowed under section (3), (9) or (10) of this rule. A plan or land use regulation amendment significantly affects a transportation facility if it would:
- “(a) Change the functional classification of an existing or planned transportation facility (exclusive of correction of map errors in an adopted plan);
 - “(b) Change standards implementing a functional classification system; or
 - “(c) Result in any of the effects listed in paragraphs (A) through (C) of this subsection based on projected conditions measured at the end of the planning period identified in the adopted TSP. As part of evaluating projected conditions, the amount of traffic projected to be generated within the area of the amendment may be reduced if the amendment includes an enforceable, ongoing requirement that would demonstrably limit traffic generation, including, but not limited to, transportation

demand management. This reduction may diminish or completely eliminate the significant effect of the amendment.

- “(A) Types or levels of travel or access that are inconsistent with the functional classification of an existing or planned transportation facility;
- “(B) Degrade the performance of an existing or planned transportation facility such that it would not meet the performance standards identified in the TSP or comprehensive plan; or
- “(C) Degrade the performance of an existing or planned transportation facility that is otherwise projected to not meet the performance standards identified in the TSP or comprehensive plan.”

If a proposed zone change would “significantly affect an existing or planned transportation facility” then certain measures must be put in place to approve the zone change. An applicant for a zone change may avoid the analysis of OAR 660-012-0060(1) if it qualifies for an exception under OAR 660-012-0060(9), which provides:

“Notwithstanding section (1) of this rule, a local government may find that an amendment to a zoning map does not significantly affect an existing or planned transportation facility if all of the following requirements are met.

- “(a) The proposed zoning is consistent with the existing comprehensive plan map designation and the amendment does not change the comprehensive plan map;
- “(b) The local government has an acknowledged TSP and the proposed zoning is consistent with the TSP; and
- “(c) The area subject to the zoning map amendment was not exempted from this rule at the time of an urban growth boundary amendment as permitted in OAR 660-024-0020(1)(d), or the area was exempted from this rule but the local government has a subsequently acknowledged TSP amendment that accounted for urbanization of the area.”

As discussed above, the proposed R-1 Low-Density Residential zoning for the property is consistent with the existing comprehensive plan Low Density Residential designation, and the

The subject property was not exempted from the TPR at the time of an urban growth boundary agreement. Thus, OAR 660-012-0060(9)(c) is satisfied. Therefore, the proposed zone change does not significantly affect a transportation facility for purposes of the TPR and therefore complies with the TPR.

DECISION

Based upon the available evidence and preceding findings, the Hearings Official APPROVES the applicant's request for a zone change from AG Agricultural to R-1 Low-Density Residential zoning.

Dated this 30th day of April, 2014.

Mailed this 2 day of May, 2014.
