NOTICE OF ADOPTED AMENDMENT

02/03/2014

TO: Subscribers to Notice of Adopted Plan  
or Land Use Regulation Amendments

FROM: Plan Amendment Program Specialist

SUBJECT: City of Newberg Plan Amendment  
DLCD File Number 005-13

The Department of Land Conservation and Development (DLCD) received the attached notice of adoption. A Copy of the adopted plan amendment is available for review at the DLCD office in Salem and the local government office.

Appeal Procedures\*

DLCD ACKNOWLEDGMENT or DEADLINE TO APPEAL: Tuesday, February 18, 2014

This amendment was submitted to DLCD for review prior to adoption pursuant to ORS 197.830(2)(b) only persons who participated in the local government proceedings leading to adoption of the amendment are eligible to appeal this decision to the Land Use Board of Appeals (LUBA).

If you wish to appeal, you must file a notice of intent to appeal with the Land Use Board of Appeals (LUBA) no later than 21 days from the date the decision was mailed to you by the local government. If you have questions, check with the local government to determine the appeal deadline. Copies of the notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR Chapter 661, Division 10). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

\*NOTE: The Acknowledgment or Appeal Deadline is based upon the date the decision was mailed by local government. A decision may have been mailed to you on a different date than it was mailed to DLCD. As a result, your appeal deadline may be earlier than the above date specified. NO LUBA Notification to the jurisdiction of an appeal by the deadline, this Plan Amendment is acknowledged.

# NOTICE OF ADOPTED CHANGE TO A COMPREHENSIVE PLAN OR LAND USE REGULATION

**FOR DLCD USE**  
File No.: 005-13 (20070)  
[17746]  
Received: 1/27/2014

Local governments are required to send notice of an adopted change to a comprehensive plan or land use regulation **no more than 20 days after the adoption.** (See OAR 660-018-0040). The rules require that the notice include a completed copy of this form. **This notice form is not for submittal of a completed periodic review task or a plan amendment reviewed in the manner of periodic review.** Use Form 4 for an adopted urban growth boundary including over 50 acres by a city with a population greater than 2,500 within the UGB or an urban growth boundary amendment over 100 acres adopted by a metropolitan service district. Use Form 5 for an adopted urban reserve designation, or amendment to add over 50 acres, by a city with a population greater than 2,500 within the UGB. Use Form 6 with submittal of an adopted periodic review task.

Jurisdiction: City of Newberg

Local file no.: **ANX-13-001**

Date of adoption: 1/21/14

Date sent: 1/27/2014

Was Notice of a Proposed Change (Form 1) submitted to DLCD?

Yes: Date (use the date of last revision if a revised Form 1 was submitted): 11/1/13

No

Is the adopted change different from what was described in the Notice of Proposed Change? Yes  No

If yes, describe how the adoption differs from the proposal:

Local contact (name and title): Steve Olson

Phone: 503-537-1215

E-mail: steve.olson@newbergoregon.gov

Street address: 414 E. First Street

City: Newberg

Zip: 97132-

### PLEASE COMPLETE ALL OF THE FOLLOWING SECTIONS THAT APPLY

For a change to comprehensive plan text:

Identify the sections of the plan that were added or amended and which statewide planning goals those sections implement, if any:

No change

For a change to a comprehensive plan map:

Identify the former and new map designations and the area affected:

Change from na	to na	acres.	A goal exception was required for this change.
Change from	to	acres.	A goal exception was required for this
change.			
Change from	to	acres.	A goal exception was required for this
change.			
Change from	to	acres.	A goal exception was required for this change.

Location of affected property (T, R, Sec., TL and address):

The subject property is entirely within an urban growth boundary

The subject property is partially within an urban growth boundary

**If the comprehensive plan map change is a UGB amendment** including less than 50 acres and/or by a city with a population less than 2,500 in the urban area, indicate the number of acres of the former rural plan designation, by type, included in the boundary.

Exclusive Farm Use – Acres: Non-resource – Acres:  
Forest – Acres: Marginal Lands – Acres:  
Rural Residential – Acres: Natural Resource/Coastal/Open Space – Acres:  
Rural Commercial or Industrial – Acres: Other: – Acres:

**If the comprehensive plan map change is an urban reserve amendment** including less than 50 acres, or establishment or amendment of an urban reserve by a city with a population less than 2,500 in the urban area, indicate the number of acres, by plan designation, included in the boundary.

Exclusive Farm Use – Acres: Non-resource – Acres:  
Forest – Acres: Marginal Lands – Acres:  
Rural Residential – Acres: Natural Resource/Coastal/Open Space – Acres:  
Rural Commercial or Industrial – Acres: Other: – Acres:

**For a change to the text of an ordinance or code:**

Identify the sections of the ordinance or code that were added or amended by title and number:

**For a change to a zoning map:**

Identify the former and new base zone designations and the area affected:

Change from VLDR-1 to R-3 Acres: 7.2  
Change from to Acres:  
Change from to Acres:  
Change from to Acres:

Identify additions to or removal from an overlay zone designation and the area affected:

Overlay zone designation: Stream Corridor Acres added: approx. 1.5 Acres removed: 0

Location of affected property (T, R, Sec., TL and address): 3221-900, 108 S. Springbrook Rd.

List affected state or federal agencies, local governments and special districts:

*Chetaham Park and Rec. Dist., Newburg School Dist.,  
Newburg Rural Fire Dist.*

Identify supplemental information that is included because it may be useful to inform DLCD or members of the public of the effect of the actual change that has been submitted with this Notice of Adopted Change, if any. If the submittal, including supplementary materials, exceeds 100 pages, include a summary of the amendment briefly describing its purpose and requirements.

## **ORDINANCE No. 2014-2768**

---

**AN ORDINANCE DECLARING PROPERTY LOCATED AT 108 S. SPRINGBROOK ROAD, YAMHILL COUNTY TAX LOT 3221-900, BE ANNEXED INTO THE CITY OF NEWBERG AND WITHDRAWN FROM THE NEWBERG RURAL FIRE PROTECTION DISTRICT SUBJECT TO A PUBLIC VOTE, AND AUTHORIZING AND DIRECTING THE CITY RECORDER TO CERTIFY TO THE YAMHILL COUNTY CLERK A BALLOT TITLE FOR THE MEASURE TO BE SUBMITTED TO THE ELECTORATE OF THE CITY OF NEWBERG FOR THEIR APPROVAL OF AN ANNEXATION FOR THIS SAME PROPERTY**

---

### **RECITALS:**

1. On September 24, 2013, Springbrook Investments LLC submitted an application for annexation of property located at 108 S. Springbrook Road, Yamhill County tax lot 3221-900.
2. After proper notice, on January 21, 2014, the city council held a public hearing on the item: accurately stated objections to jurisdiction, bias, and ex-parte contact; considered public testimony; examined the record; heard the presentation from staff; examined and discussed the appropriate criteria to judge the project (as listed in the staff report); considered all relevant information regarding the item; and deliberated.
3. On January 21, 2014, the city council adopted Order No. 2014-0033, which affirmed the annexation met the applicable Newberg Development Code criteria.
4. The City of Newberg Charter requires territory may be annexed into the City of Newberg only upon approval by a majority vote among the electorate of the city.

### **THE CITY OF NEWBERG ORDAINS AS FOLLOWS:**

1. The question of annexing the property shown in Exhibit A and described in Exhibit B shall be submitted to the electorate of the city at the May 20, 2014, general election. Exhibits A and B are hereby adopted and by this reference incorporated.
2. The city council directs all costs associated with placing the item on the ballot be paid for by the applicant. This includes but is not limited to noticing, signage, advertising, and costs assessed by the Yamhill County Clerk to place the item on the ballot.
3. The city recorder is hereby authorized and directed to certify to the Yamhill County Clerk the ballot title for the annexation measure to be placed before the voters. Further, the city recorder is directed to give all necessary notices of the ballot title and do all other necessary acts and deeds which may be required to place the matter before the voters of the City of Newberg at said election.

4. The city attorney is directed to have prepared and review the explanatory statement, which shall be submitted to the Yamhill County Clerk with the ballot title. Such explanatory statement shall be filed with the city recorder and the city recorder is further directed to certify this explanatory statement to the Yamhill County Clerk.
5. The city recorder is authorized to do all other necessary acts and deeds which may be required to conduct the election concerning this measure.
6. Should this annexation request be approved by a majority of the electorate of the City of Newberg at the identified election date, the property shown in Exhibit A and described in Exhibit B, shall be annexed into the city and withdrawn from the Newberg Rural Fire Protection District, and the following events will occur:
  - A. The City of Newberg land use inventory data and GIS data, including the comprehensive plan map and zoning map, will be updated to reflect the new addition.
  - B. The Recorder of the City of Newberg is hereby authorized and directed to make and submit to the Secretary of State, the Department of Revenue, the Yamhill County Elections Officer, and the Assessor of Yamhill County a certified copy of this ordinance.

➤ **EFFECTIVE DATE** of this ordinance is 30 days after the adoption date, which is: February 21, 2014.

**ADOPTED** by the City Council of the City of Newberg, Oregon, this 21<sup>st</sup> day of January, 2014, by the following votes: **AYE: 6 NAY: 0 ABSENT: 1 [HOWARD] ABSTAIN: 0**

  
Norma I. Alley, MMC, City Recorder

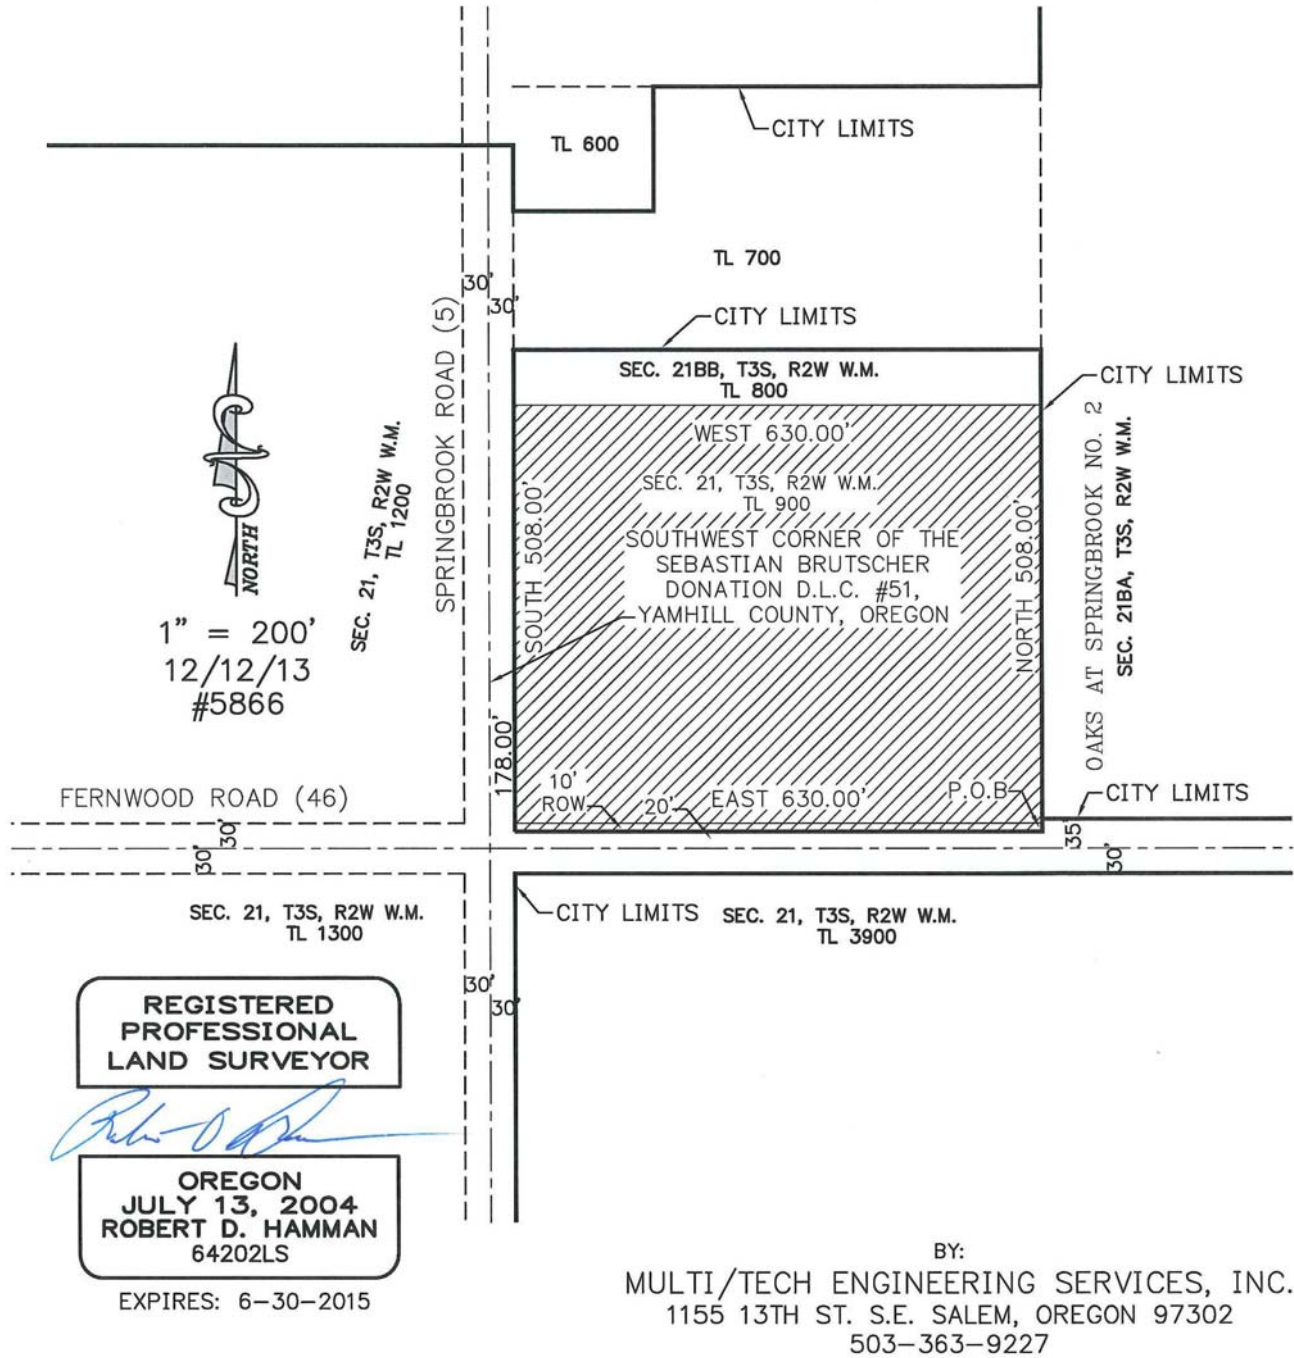

**ATTEST** by the Mayor this 23<sup>rd</sup> day of January, 2014.

  
Bob Andrews, Mayor

Exhibits:

## **ORDER NO. 2014-0033**

---

---

**AN ORDER FINDING PROPERTY LOCATED AT 108 S. SPRINGBROOK ROAD, YAMHILL COUNTY TAX LOT 3221-900, MEETS THE APPLICABLE NEWBERG DEVELOPMENT CODE CRITERIA TO BE ANNEXED INTO THE CITY AND TO CHANGE THE ZONING DESIGNATION FROM YAMHILL COUNTY VLDR-1 TO CITY R-3**

---

---

### **RECITALS:**

1. On September 24, 2013, Springbrook Investments LLC submitted an application to annex one parcel (approximately 7.2 acres) located at 108 S. Springbrook Road, Yamhill County tax lot 3221-900, into the City of Newberg with a concurrent zone change from county VLDR-1 to city R-3, with a stream corridor overlay zone on the eastern part of the site and an airport inner horizontal surface overlay.
2. The Newberg Planning Commission heard the annexation request on December 12, 2013, took public testimony, and found that the request met the applicable Newberg Development Code criteria. The planning commission recommended approval of the annexation and concurrent zone change, and withdrawal of the parcel from the Newberg Rural Fire Protection District.
3. After proper notice, on January 21, 2014, the Newberg City Council held a hearing to consider the annexation request.
4. The city council finds that the applicable criteria have been met, and that approval of the annexation is in the best interests of the community.

### **THE CITY OF NEWBERG ORDERS AS FOLLOWS:**

1. The city council finds the annexation and concurrent zone change meet the Newberg Development Code criteria and adopts the findings attached hereto as Exhibit A and by this reference incorporated.
2. Annexation requires the city council to adopt an ordinance annexing the property, and requires approval at a public vote. If the annexation is approved through these procedures, then the city orders the following:
  - A. The zoning of the property shown in Exhibit B and described in Exhibit C is changed to R-3 (high density residential), with a stream corridor overlay zone and an airport inner horizontal surface overlay zone as shown in Exhibit D. Exhibits B, C and D are hereby adopted and by this reference incorporated.
  - B. The following conditions will also apply:
    1. Connect existing house to sewer and water within three years or remove the house.

2. Transportation:

- a. A left turn pocket at Brutscher/Fernwood will be required at time of development.
- b. The Fernwood Road frontage will need to be improved to city standards at the time of development, which could include additional paving, curb, gutter, planter strip, sidewalk, and utility undergrounding.
- c. Future access to the site will be limited to Fernwood Road. If the site is developed it should include two driveways, and the westerly driveway should be right-in/right-out only.

➤ **EFFECTIVE DATE** of this order is the day after the adoption date, which is: January 22, 2014.

**ADOPTED** by the City Council of the City of Newberg, Oregon, this 21<sup>st</sup> day of January, 2014.

---

Norma I. Alley, MMC, City Recorder

**ATTEST** by the Mayor this 23<sup>rd</sup> day of January, 2014.

---

Bob Andrews, Mayor

Exhibits:

- Exhibit A: Findings
- Exhibit B: Annexation map
- Exhibit C: Legal description
- Exhibit D: Zoning map

## Exhibit A: Findings

### A. 15.250.020 Conditions for annexation.

*The following conditions must be met prior to or concurrent with city processing of any annexation request:*

*A. The subject site must be located within the Newberg urban growth boundary or Newberg urban reserve areas.*

*B. The subject site must be contiguous to the existing city limits.*

**Finding:** The subject site is within the Newberg urban growth boundary and is contiguous to the existing city limits on the east and west sides. The Fernwood Road right of way is within the city limits, so the south side of the site is also contiguous to the city limits.

### B. 15.250.030 Quasi-judicial annexation criteria.

*The following criteria shall apply to all annexation requests:*

*A. The proposed use for the site complies with the Newberg comprehensive plan and with the designation on the Newberg comprehensive plan map. If a redesignation of the plan map is requested concurrent with annexation, the uses allowed under the proposed designation must comply with the Newberg comprehensive plan.*

**Finding:** The Newberg comprehensive plan map designation for the site is HDR (high density residential), with a Stream Corridor overlay on the eastern edge of the site. The requested R-3 zoning matches the HDR comprehensive plan designation, and will also include a Stream Corridor overlay on the eastern edge of the site and an Airport Inner Horizontal Surface overlay. The applicant's concept development plan shows a multifamily housing development, which is an allowed use in the R-3 zone. The proposed use therefore complies with the Newberg Comprehensive Plan and the designation on the comprehensive plan map.

*B. An adequate level of urban services must be available, or made available, within three years' time of annexation, except as noted in subsection (E) of this section. An adequate level of urban services shall be defined as:*

*1. Municipal wastewater and water service meeting the requirements enumerated in the Newberg comprehensive plan for provision of these services.*

*2. Roads with an adequate design capacity for the proposed use and projected future uses. Where construction of the road is not deemed necessary within the three-year time period, the city shall note requirements such as dedication of right-of-way, waiver of remonstrance against assessment for road improvement costs, or participation in other traffic improvement costs, for application at the appropriate level of the planning process. The city shall also consider public costs for improvement and the ability of the city to provide for those costs.*

**Finding:** There are public water, stormwater and sanitary sewer lines in the rights of way adjacent to the site, so the site has the ability to connect to city services within three years of annexation.

a. Sanitary Sewer: 15 inch line in Springbrook, 12 inch force main line in Fernwood

- b. Water: 12 inch lines in Springbrook and Fernwood
- c. Storm: 24 inch line in Fernwood

The Public Works - Maintenance Superintendent has noted that any utility access from Springbrook Road will need to be completed prior to the bypass project reconstruction, otherwise it will be a several year "no cut" moratorium on the pavement.

The applicant plans to remove the existing house on the site. The existing house will need to be either removed or be connected to sanitary sewer and water lines within three years

The Springbrook Road frontage of the property will be improved by ODOT as part of the Newberg-Dundee Bypass project (2014-2016). Springbrook will be widened and repaved to include a center turn lane, bike lanes, curbs, planter strips and sidewalks. ODOT will also install a traffic signal at the Springbrook Road/Fernwood Road intersection.

The Fernwood Road frontage will need to be improved to city standards at the time of development, which could include additional paving, curb, gutter, planter strip, sidewalk, and utility undergrounding. The traffic impact analysis was prepared by a professional engineer and analyzed the potential impact of a 120-unit apartment project on the Springbrook/Fernwood intersection, at two driveway location on Fernwood, and at the Fernwood/Brutscher intersection. Springbrook Road is a minor arterial and Fernwood Road is a major collector, so city staff indicated that access would need to be taken solely from Fernwood Road. The major finding of the TIA is that:

*The intersections in this study are currently functioning with levels of service that are within generally accepted standards during the peak hour. The development of the Apartments on Springbrook will not increase traffic to the point where the intersections studied will be reduced to unacceptable levels of service when complete.*

Specifically, the TIA projected that the Springbrook/Fernwood intersection, the eastern site driveway, and the Brutscher/Fernwood intersection would have a level of service (LOS) of B in 2016. The western site driveway would have a LOS of A. The queue analysis indicated that the main (eastern) site driveway will be located outside of the westbound queue on Fernwood Road; the TIA recommended that the site be developed with two driveways, and that the westerly driveway be developed as a right-in/right-out driveway. The TIA also performed a left turn warrant analysis and determined that the intersection of Fernwood Road and Brutscher Road meets the requirements for the installation of left turn pockets with or without the proposed apartment project. In order for the road to have adequate design capacity the left turn pocket at Fernwood and Brutscher needs to be in place at time of development.

***C. Findings documenting the availability of police, fire, parks, and school facilities and services shall be made to allow for conclusionary findings either for or against the proposed annexation. The adequacy of these services shall be considered in relation to annexation proposals.***

**Finding:** Police services are currently provided to the area by Yamhill County Sheriff's Office. Fire service is provided by Newberg Rural Fire District. The proposed annexation will shift police and fire services to the city. Neither agency noted an inability to serve the property. Development of the site would ultimately increase the city tax base, which would help fund police and fire services. An increase in population will also increase the city's allocation of state revenue-sharing funds, which is part of the

city budget, and will help fund these services.

The Chehalem Park and Recreation District collects a fee when new residential units are developed (currently set at \$1475.00 per unit in multifamily developments). This revenue is for the development of new parks, so future development will help fund future parks in the district.

The Newberg School District receives state funding on a per pupil basis, so future population increases due to development should increase future funding. The school district also collects a construction excise tax on new development (currently set at \$1.00 per square foot of new residential buildings). This construction excise tax revenue is for development of new schools, so new development will help fund new school construction within the district.

Overall, adequate public facilities and services exist to support the proposed annexation.

***D. The burden for providing the findings for subsections (A), (B) and (C) of this section is placed upon the applicant.***

**Finding:** The applicant has provided findings for this section.

***E. The city council may annex properties where urban services are not and cannot practically be made available within the three-year time frame noted in subsection (B) of this section, but where annexation is needed to address a health hazard, to annex an island, to address wastewater or water connection issues for existing development, to address specific legal or contract issues, to annex property where the timing and provision of adequate services in relation to development is or will be addressed through legislatively adopted specific area plans or similar plans, or to address similar situations. In these cases, absent a specific legal or contractual constraint, the city council shall apply an interim zone, such as a limited-use overlay, that would limit development of the property until such time as the services become available.***

**Finding:** This criterion is not applicable to this application.

**C. 15.302.030(A) Zoning map amendment criteria.**

***3. Amendment Criteria. The owner must demonstrate compliance with the following criteria:***

***a. The proposed change is consistent with and promotes the goals and policies of the Newberg comprehensive plan and this code;***

***b. Public facilities and services are or can be reasonably made available to support the uses allowed by the proposed change;***

**Finding:** As noted in an earlier finding, the proposed zoning change from County VLDR-1 to City R-3 is consistent with and promotes the goals and policies of the development code and the comprehensive plan because it matched the HDR comprehensive plan designation of the site. Also as noted earlier, public facilities and services are available to support the uses allowed by the proposed change.

***c. Compliance with the State Transportation Planning Rule (OAR 660-012-0060) for proposals that significantly affect transportation facilities.***

***660-012-0060***

***Plan and Land Use Regulation Amendments***

*(1) If an amendment to a functional plan, an acknowledged comprehensive plan, or a land use regulation (including a zoning map) would significantly affect an existing or planned transportation facility, then the local government must put in place measures as provided in section (2) of this rule, unless the amendment is allowed under section (3), (9) or (10) of this rule. A plan or land use regulation amendment significantly affects a transportation facility if it would:*

*(a) Change the functional classification of an existing or planned transportation facility (exclusive of correction of map errors in an adopted plan);*

*(b) Change standards implementing a functional classification system; or*

*(c) Result in any of the effects listed in paragraphs (A) through (C) of this subsection based on projected conditions measured at the end of the planning period identified in the adopted TSP. As part of evaluating projected conditions, the amount of traffic projected to be generated within the area of the amendment may be reduced if the amendment includes an enforceable, ongoing requirement that would demonstrably limit traffic generation, including, but not limited to, transportation demand management. This reduction may diminish or completely eliminate the significant effect of the amendment.*

*(A) Types or levels of travel or access that are inconsistent with the functional classification of an existing or planned transportation facility;*

*(B) Degrade the performance of an existing or planned transportation facility such that it would not meet the performance standards identified in the TSP or comprehensive plan; or*

*(C) Degrade the performance of an existing or planned transportation facility that is otherwise projected to not meet the performance standards identified in the TSP or comprehensive plan.*

**Finding:** The proposed annexation would change the city zoning map for the site to R-3. This matches the adopted and acknowledged city comprehensive plan map, which has a HDR (high density residential) designation for the site. The traffic impact analysis for the annexation was prepared by a professional engineer and analyzed the potential impact of a 120-unit apartment project. The study found that the intersections in this study are currently functioning with levels of service that are within generally accepted standards during the peak hour. The development of the apartments on Springbrook will not increase traffic to the point where the intersections studied will be reduced to unacceptable levels of service when complete.

Specifically, the TIA projected that the Springbrook/Fernwood intersection, the eastern site driveway, and the Brutscher/Fernwood intersection would have a level of service (LOS) of B in 2016. The western site driveway would have a LOS of A. The proposed annexation will therefore not significantly affect an existing or planned transportation facility, and no major mitigation (such as a trip cap) is required to meet the Transportation Planning Rule.

**D. Coordination process:**

*15.250.090 Coordination.*

*Annexation requests shall be coordinated with affected public and private agencies, including, but not limited to, Yamhill County, Chehalem Park and Recreation District, Newberg School District, Northwest Natural Gas, Portland General Electric, and, where appropriate, various state agencies. Coordination shall be made by referral of annexation request to these bodies sufficiently in advance of final city action to allow for reviews and recommendations to be incorporated into the city records. [Ord. 2745 § 1 (Exh. A), 7-18-11; Ord. 2451, 12-2-96. Code 2001 § 151.268.]*

**Finding:** The annexation request was forwarded to Yamhill County, Chehalem Park and Recreation District, Newberg School District, relevant utilities, DLCD, Oregon Dept. of Transportation, and Oregon Dept. of State Lands for their review and comment. All comments received as of the date of this report are included within this staff report and findings.

- E. Conclusion:** Based on the above-mentioned findings, the application meets criteria, goals and policies within the Newberg Comprehensive Plan and Development Code with the following conditions.

**CONDITIONS OF APPROVAL: ANX-13-001**

1. Connect existing house to sewer and water within three years or remove the house.
2. Transportation:
  - a. A left turn pocket at Brutscher/Fernwood will be required at time of development.
  - b. The Fernwood Road frontage will need to be improved to city standards at the time of development, which could include additional paving, curb, gutter, planter strip, sidewalk, and utility undergrounding.
  - c. Future access to the site will be limited to Fernwood Road. If the site is developed it should include two driveways, and the westerly driveway should be right-in/right-out only.

**Development notes:**

1. Any utility access from Springbrook Road will need to be completed prior to the bypass project reconstruction, otherwise it will be a several year "no cut" moratorium on the pavement.
2. Wetland delineation: The Department of State Lands (DSL) has commented that there is a wetland/waterway on the property, and that a state permit is required for 50 cubic yards or more of removal/fill in wetlands. They noted that the wetland extent may be greater than what is mapped on the National Wetland Inventory. A wetland delineation is needed to determine precise wetland boundaries, and should be submitted to DSL for review and approval.
