ORDINANCE NO. 14-05

WHEREAS, On December 18, 2013, the Board of Commissioners signed Resolution No. 13-16 which adopted a new action item into the 2009 Polk County Multi-Jurisdictional Hazard Mitigation Plan. The adopted action item directs the County to develop and seek adoption of transportation policies that emphasize the importance of planning, constructing, and maintaining multiple travel routes to connect critical facilities (hospitals, evacuation routes, etc.) both to and within our cities and neighboring counties; and

WHEREAS, on January 15, 2014, the Board of Commissioners adopted Resolution No. 14-02 which initiated the legislative amendment process for this project; and

WHEREAS, the Planning Commission conducted a duly noticed public hearing on February 25, 2014 to receive comments and testimony. The Planning Commission deliberated at the February 25, 2014 meeting and recommended that the Board of Commissioners approve the proposed amendments to the Polk County Transportation Systems Plan; and

WHEREAS, the Board of Commissioners conducted a duly noticed public hearing on March 26, 2014, and provided an opportunity for the submission of testimony and evidence. The Board of Commissioners deliberated at the March 26, 2014 meeting, and passed a motion to approve Legislative Amendment 14-01 as recommended by the Planning Commission and Planning staff; now therefore

THE POLK COUNTY BOARD OF COMMISSIONERS ORDAINS AS FOLLOWS:

Sec. 1. That Polk County adopts the findings in favor of the amendments to the Polk County Zoning Ordinance as shown on Exhibit A.

Sec. 2. That Polk County amends the Polk County Transportation Systems Plan as shown on Exhibit B.

Sec. 3. That Polk County determines that an emergency related to the economic welfare of the citizens of Polk County is declared and this ordinance is effective immediately upon passage.

Findings in Support of Legislative Amendment 14-01

I. CRITERIA FOR LEGISLATIVE AMENDMENTS

A legislative amendment to the text of Transportation Systems Plan (TSP) may be approved provided that the request is based on substantive information that supports the change. In amending the TSP, Polk County shall demonstrate compliance with PCZO 115.060. The applicable review and decision criteria are listed in bold, followed by Staff’s analysis and findings.

(A) Compliance with Oregon Revised Statutes, and the statewide planning goals and related administrative rules. If an exception to one or more of the goals is necessary, Polk County shall adopt findings which address the exception criteria in Oregon Administrative Rules, Chapter 660, Division 4; [PCZO 115.060(A)]

Staff Findings: The Oregon Administrative Rules (OAR) that describe the requirements of a county transportation systems plan are listed in OAR 660-012, the Transportation Planning Rule. The proposed amendment to the TSP would add a goal and policy that would apply in those instances where the County evaluates transportation facility alternatives. This proposal would be consistent with OAR 660-012. The proposed text amendments to the TSP would not change the network of transportation facilities planned for under the TSP. Nor would the amendments change the County’s transportation needs or the County’s plans for alternative forms of transportation. This proposal would not impact the existing evaluation and selection transportation system alternatives listed in OAR 660-012-0035.

Staff has not identified any additional sections of ORS, OAR, or the statewide planning goals that are directly applicable to the proposed TSP amendment.

The application complies with this criterion.

(B) Conformance with the Comprehensive Plan (PCCP) goals, policies and intent, and any plan map amendment criteria in the plan; [PCZO 115.060(B)]

1. To develop a timely, orderly and efficient arrangement of public facilities and services to serve as framework for urban and rural development. [PCCP Section 2, Element J, Goal 1]

2. To support the provision of needed public services for all residents of Polk County. [PCCP Section 2, Element J, Goal 2]

3. To plan the efficient and economic provision of public facilities and services for the people of Polk County. [PCCP Section 2, Element J, Goal 3]

Staff Findings: The proposed goal and policy that would be added to the TSP would add an additional consideration that would be applied in those instances where the County evaluates alternatives between transportation facilities. This consideration would place a priority on approving those alternatives that provide redundancy between critical facilities. This consideration would be consistent with the PCCP because it would allow for a more efficient arrangement of public facilities and allow better access to critical facilities during times of emergency. Providing redundancy in the connection between critical facilities would in turn allow the transportation system to better serve the people of Polk County. This TSP amendment would not change any of the uses permitted in any of Polk County’s zones.

Based on the findings above, the proposed amendments would be consistent with Element J of the PCCP which provides goals and policies for the provision of public facilities. Staff has not
identified any other goals or policies in the PCCP that are directly applicable to this legislative amendment. The application complies with this criterion.

(C) That the proposed change is in the public interest and will be of general public benefit; and [PCZO 115.060(C)]

Staff Findings: The proposed amendments would be in the public interest and of general public benefit, because they would bring the goals and policies in the TSP into alignment with the 2009 Polk County Multi-Jurisdictional Hazard Mitigation Plan. It would also help to regionally align action items relating to critical transportation routes. The proposed TSP text amendments would add public benefit by adding redundancy to the transportation network between critical facilities. This would hopefully allow greater public access to critical facilities during emergency situations. The proposed TSP text amendment would allow the County to find that future on-the-ground projects that implement the above objectives, and require land use approval, are consistent with the Polk County Comprehensive Plan.

Based on the above reasons, the proposed amendments to the TSP comply with this criterion.

(D) Compliance with the provisions of any applicable intergovernmental agreement pertaining to urban growth boundaries and urbanizable land. [PCZO 115.060(D)]

Staff Findings: Polk County has adopted intergovernmental agreements (IGAs) with each of the cities that have urban growth boundaries (UGB) that extend outside of city limits and into Polk County’s planning jurisdiction. These cities are Salem, Dallas, Monmouth, Independence, and Willamina. The Falls City UGB is entirely located within city limits; therefore, Polk County does not have an IGA regarding UGB land use management with Falls City. Those cities were notified of the Planning Commission and Board of Commissioner’s public hearings on January 30, 2013. Staff has not received any comments from the cities as of the writing of this staff report. The proposed TSP text amendments would not change any of the uses that are permitted in the urban growth boundaries that are regulated by Polk County and city intergovernmental agreements. City comprehensive plans would remain the guiding documents that apply to projects that are jointly regulated by the County and a city.

Staff has not received any comments from the cities as of the writing of this staff report. Based on the findings discussed above, the proposed amendments to the PCZO would comply with all applicable IGAs.

II. CONCLUSION

Based on the findings above, Staff concludes that the proposed amendments to the Polk County Transportation Systems Plan comply with all of the applicable review and decision criteria for a legislative amendment.
Exhibit B to Ordinance No. 14-05

Polk County Legislative Amendment (LA) 14-01
Transportation Systems Plan Text Amendment

The following language is added to the Transportation Goals and Policies section of the Polk County Transportation Systems Plan (TSP). The TSP is a component of Polk County Comprehensive Plan (PCCP) and constitutes Section 2, Element M of that document. Proposed text additions are double underlined. No text deletions are proposed.

**GOAL 6**
To support the planning, construction and maintenance of multiple travel routes to connect critical facilities both to and within Polk County cities and neighboring counties.

**POLICIES**
6.1 When evaluating transportation facility alternatives, Polk County will favor those alternatives that provide added redundancy to the connection of critical facilities.
NOTICE OF BOARD OF COMMISSIONERS DECISIONS

The Board of Commissioners adopted Ordinance Numbers 14-04, 14-05, and 14-06

Ordinance No. 14-04 approves Legislative Amendment (LA) 13-02 by authorizing and adopting standards for Bed and Breakfast Facilities in Polk County's residential zones. This ordinance also repeals the definition of “Bed and Breakfast Facility” in Polk County Zoning Ordinance Section 110.107, and adopts new standards for Bed and Breakfast Facilities in the Rural Commercial (R-COM) Zone and the Grand Ronde Low Density Residential (GR/LDR) Zone. Ordinance No. 14-04 also provides technical clarification that categorizing uses in the Polk County Zoning Ordinance occurs on a zone by zone basis, and the specific identification of a use in one zone does not preclude that use from being authorized under a “catch-all” in another zone.

Ordinance No. 14-05 approves Legislative Amendment (LA) 14-01 by amending the Polk County Transportation Systems Plan (TSP). This ordinance adopts a new goal and policy that emphasize the importance of planning, constructing, and maintaining multiple travel routes to connect critical facilities (hospitals, evacuation routes, etc.) both to and within Polk County cities and neighboring counties.

Ordinance No. 14-06 approves Legislative Amendment (LA) 14-02 by adding “gasoline service stations (Standard Industrial Classification Category 5541)” as a use that may be established as an outright permitted use in the Unincorporated Community Commercial Retail (UC-CR) Zone, PCZO Chapter 146; the Unincorporated Community Commercial General (UC-CG) Zone, PCZO Chapter 147; and the Unincorporated Community Industrial Commercial (UC-IC) Zone, PCZO Chapter 152. Automotive dealerships may continue to be permitted in those zones through the conditional use permit application process.
