NOTICE OF ADOPTED CHANGE TO A
COMPREHENSIVE PLAN OR LAND USE REGULATION

Date: June 26, 2015
Jurisdiction: City of Bend
Local file no.: PZ-15-0190
DLCD file no.: 002-15

The Department of Land Conservation and Development (DLCD) received the attached notice of adopted amendment to a comprehensive plan or land use regulation on 06/25/2015. A copy of the adopted amendment is available for review at the DLCD office in Salem and the local government office.

Notice of the proposed amendment was submitted to DLCD 40 days prior to the first evidentiary hearing.

Appeal Procedures

Eligibility to appeal this amendment is governed by ORS 197.612, ORS 197.620, and ORS 197.830. Under ORS 197.830(9), a notice of intent to appeal a land use decision to LUBA must be filed no later than 21 days after the date the decision sought to be reviewed became final. If you have questions about the date the decision became final, please contact the jurisdiction that adopted the amendment.

A notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR chapter 661, division 10).

If the amendment is not appealed, it will be deemed acknowledged as set forth in ORS 197.625(1)(a). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

DLCD Contact

If you have questions about this notice, please contact DLCD’s Plan Amendment Specialist at 503-934-0017 or plan.amendments@state.or.us.
Local governments are required to send notice of an adopted change to a comprehensive plan or land use regulation **no more than 20 days after the adoption.** (See OAR 660-018-0040). The rules require that the notice include a completed copy of this form. **This notice form is not for submittal of a completed periodic review task or a plan amendment reviewed in the manner of periodic review.** Use Form 4 for an adopted urban growth boundary including over 50 acres by a city with a population greater than 2,500 within the UGB or an urban growth boundary amendment over 100 acres adopted by a metropolitan service district. Use Form 5 for an adopted urban reserve designation, or amendment to add over 50 acres, by a city with a population greater than 2,500 within the UGB. Use Form 6 with submittal of an adopted periodic review task.

ORDINANCE NO. NS-2243

AN ORDINANCE AMENDING THE BEND AREA GENERAL PLAN TABLE 3-1 INVENTORY OF HISTORIC SITES IN THE BEND URBAN AREA TO REMOVE THE BROOKS SCANLON CRANESHED BUILDING AND DESIGNATE A PORTION OF THE SITE WITH A PLAQUE.

Findings

A. On April 21, 2015, the Bend Landmarks Commission opened a public hearing and accepted testimony on the proposed legislative amendment to the Bend Area General Plan Table 3-1 Inventory of Historic Sites in the Bend Urban Area. The Commission voted to recommend that the City Council approve the amendment request with a condition contained in Exhibit B. The Planning Division staff report and recommendation together with the testimony of the persons testifying at the Bend Landmarks Commission April 21, 2015 public hearing were considered and are part of the record.

C. The Bend City Council held a public hearing on June 3, 2015, to consider the Landmarks Commission recommendation.

D. The City Council adopts the findings contained in the Landmarks Commission’s recommendation which demonstrates that the requested Bend Area General Plan amendments approved by this Ordinance are consistent with all applicable criteria, including those set forth in Bend Development Code Chapter 4.6.200.B.

* Sites on the National Register of Historic Places

The items in Table 3-1 represent the city's official list of historic places compiled by the city and county, and approved by the Oregon Land Conservation and Development Commission. Any land use action or building modification to the historic structures on the approved list must be reviewed and approved by the joint city/county Historical Landmarks Commission, a citizens committee established in 1980.

Additional information and evaluation of historic sites is contained in resource material available at the city and county planning departments, the Des Chutes Historical Center, and in rules adopted by the state Land Conservation and Development Commission.

I. APPLICABLE REVIEW CRITERIA AND PROCEDURES

The Bend Code Chapter 10.20 Historic Preservation Code

Bend Area General Plan, Chapter 3, Community Connections

City of Bend Development Code, Chapter 4.1; Development Review and Procedures

II. Background and Project Description

Application: The applicant requests that the Bend Area General Plan Historic Resource Designation be removed from the subject property.

Description of Property: The subject property is approximately 4.3 acres in size. The property borders Industrial Way to the north and the privately owned, Mill View Way, to the south. The Crane Shed structure was demolished in 2004 and the site has remained cleared, vacant and undeveloped since that time.

A copy of the Bend Area General Plan Table 3.1 Inventory of Historic Sites in the Bend Urban Area which identifies the Brooks Scanlon Crane shed building as a locally designated site is attached to this report.

CHRONOLOGY AND PUBLIC NOTICE

On March 12, 2015, the owner applied for Landmarks Commission review of the project.

On March 12, 2015, the city mailed out by first class mail a public notice of the public hearing to owners of properties within 250 feet of the site, to the Oregon State Historic Preservation Office and to the neighborhood association.

In addition, notice of the proposed text amendment was mailed to the Department of Land Conservation and Development (DLCD) on March 12, 2015.

Lot and Location: This property is located 721 SW Industrial Way and is further identified on Deschutes County Assessor’s Map 18-12-05BA as Tax Lot 600.
APPLICATION AND BURDEN OF PROOF: The applicant has submitted the following documents in support of this request:

2. Burden of Proof report and accompanying exhibits

Chapter 10.20 Historic Preservation Code,

10.20.020 Applicability.

This chapter applies to historic resources as defined in this chapter that are within the City of Bend.

FINDING: Section 10.20.40 defines the term, "Historic Resource" to mean a "building, historic or cultural site, structure, object, or historic district that meets the significance and integrity criteria for designation as a landmark designated by the City Council, State of Oregon or National Park Service." The code defines "Historic Site" to mean the "location of a significant event, use or occupation which may include associated standing, ruined or underground features, e.g., battlefield, shipwreck, campsite, cemetery, natural feature, garden, food gathering areas, etc." The General Plan lists the "Brooks Scanlon Craneshed building" as a "historic resource". However, there is no longer any building, structure or object located on the subject property. The building was illegally demolished on August 20, 2004.
The applicant contends that the currently vacant and cleared site does not meet the definition of Historic resource as listed in Section 10.20.40. Therefore, the subject property should no longer be deemed a "historic resource" subject to jurisdiction under the Historic Preservation Code.

10.20.030 Procedures.

B. All applications for alterations, additions, new construction, demolition, removal, signs, restoration, rehabilitation and other actions involving a historic resource and addressed by this chapter shall be submitted to the City Community Development Department on the appropriate application form and with the review fee as set by the City Council.

C. No person may alter a designated historic building or building within a historic district to change its exterior appearance, nor may any new building be built within a historic district unless approved in accordance with this chapter. Nothing in this chapter shall be construed to prevent ordinary maintenance or repair of exterior architectural features which does not involve a change in design or type of materials.

FINDING: As outlined in detail in the submitted burden of proof document, the applicant believes that new construction on the subject property is not governed by the Historic Preservation Code. The applicant also recognizes the potential for different interpretations of these code provisions and is requesting Landmarks Commission recommend to the City Council that the subject property be removed from Table 3.1 of the Bend Area General Plan.

E. Applications shall be reviewed according to the processes described below:

4. The following applications are reviewed through the Type IV process with the Landmarks Commission serving as the advisory body to the City Council:
   
   b. Designation or removal of a historic resource.

FINDING: The Landmarks Commission shall make a recommendation to the city Council regarding this application request to remove the subject property from Table 3.1 of the Bend Area General Plan.

A. If any historic resource has been demolished or destroyed, no longer possesses the charter-defining features related to its architectural significance for which it was recognized or an error in
documentation occurred, the City Council, upon recommendation of the Landmarks Commission, may remove the historic resource designation from the site.

**FINDING:** The Crane Shed building was demolished on August 20, 2004 by a prior owner of the subject property. The site has been cleared and has remained vacant for over 10 years. There are a few remnants of the former structure's concrete post base buttresses that do remain on the subject property. Yet no structures or other artifacts appear to remain on the subject property. As a result, the site no longer possesses any of the character defining features or architectural significance for which the property was originally designated. The applicant is requesting the Landmarks Commission provide a recommendation to City Council of removal of the Bend Area General Plan Historic Resource Designation from the subject property per the criteria referenced above.

The Landmarks Commission recommends the City Council approve the request to remove the Brooks Scanlon Craneshed building from the Historic Structures category of the General Plan's list of historic resources or Table 3-1 of the Bend Area General Plan with the proposed condition:

**Recommendation #1.** The historic designation be changed from a Historic Structure to a Historic Site listed under the Sites Designated with Plaques category instead of the Historic Structures category of Table 3-1 of the Bend Area General Plan. The "site" shall be limited to a small portion of the property as determined by the Owner. The applicant shall construct a plaque or monument on the historic site designated portion of the property. The size and location of the designated site and the plaque design shall be reviewed and approved by the Bend Landmarks Commission.

An historic plaque on the property will help to meet the general Goals listed in Chapter 3 by fostering a sense of historic awareness among the citizens of the community. The plaque should reference the past history of the Crane Shed as well as the mill operations at the site. The Commission recommends using some of the remnants of the crane shed building foundation that still exists on the property as part of the plaque or monument.

**B. If the designation is proposed to be removed from any historic resource, the same process and criteria shall be used as upon the designation as a historic resource.**

**FINDING:** As outlined in the submitted burden of proof report, the process utilized to designate the Crane Shed as an historic resources is not clear. The applicant has submitted exhibits to support to assumption. As the subject property is listed in the adopted Bend Area General Plan, this application is being processed as a text amendment application subject to the procedural requirements of Bend Development Code Chapter 4.1.
C. In accordance with ORS 197.772, a property owner shall be allowed to remove a historic designation imposed on the property by the City.

FINDING: ORS 197.772 was enacted in 1995 and requires property owner consent in connection with the designation of an historic resource. It is unclear whether the property owner received notice or any opportunity to object to the historic designation during the adoption of the 1998 amendments to the Bend Area General Plan based on the initial review of past records for the site. Without an extensive or more exhaustive research of all available historical records involved in the 1998 amendments to the General Plan, it is unclear whether the process provided proper notice to the property owner.

LANDMARKS COMMISSION RECOMMENDATION TO CITY COUNCIL: The Landmarks Commission recommends the City Council approve the request to remove the Brooks Scanlon Craneshed building from the Historic Structures category of the General Plan's list of historic resources or Table 3-1 of the Bend Area General Plan with the proposed condition:

Recommendation #1. The historic designation be changed from a Historic Structure to a Historic Site listed under the Sites Designated with Plaques category instead of the Historic Structures category of Table 3-1 of the Bend Area General Plan. The "site" shall be limited to a small portion of the property as determined by the Owner. The applicant shall construct a plaque or monument on the historic site designated portion of the property. The size and location of the designated site and the plaque design shall be reviewed and approved by the Bend Landmarks Commission.

An historic plaque on the property will help to meet the general Goals listed in Chapter 3 by fostering a sense of historic awareness among the citizens of the community. The plaque should reference the past history of the Crane Shed as well as the mill operations at the site. The Commission recommends using some of the remnants of the crane shed building foundation that still exists on the property as part of the plaque or monument.
