NOTICE OF ADOPTED CHANGE TO A COMPREHENSIVE PLAN OR LAND USE REGULATION

Date: May 20, 2016

Jurisdiction: City of Keizer

Local file no.: 2016-02

DLCD file no.: 003-16

The Department of Land Conservation and Development (DLCD) received the attached notice of adopted amendment to a comprehensive plan or land use regulation on 05/19/2016. A copy of the adopted amendment is available for review at the DLCD office in Salem and the local government office.

Notice of the proposed amendment was submitted to DLCD 36 days prior to the first evidentiary hearing.

Appeal Procedures

Eligibility to appeal this amendment is governed by ORS 197.612, ORS 197.620, and ORS 197.830. Under ORS 197.830(9), a notice of intent to appeal a land use decision to LUBA must be filed no later than 21 days after the date the decision sought to be reviewed became final. If you have questions about the date the decision became final, please contact the jurisdiction that adopted the amendment.

A notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR chapter 661, division 10).

If the amendment is not appealed, it will be deemed acknowledged as set forth in ORS 197.625(1)(a). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

A BILL
FOR

ORDINANCE NO.
2016- 754

AN ORDINANCE

AMENDING KEIZER DEVELOPMENT CODE REGARDING SECTION 2.102 (SINGLE FAMILY RESIDENTIAL); **AMENDING ORDINANCE 98-389**

WHEREAS, the Keizer Planning Commission has recommended to the Keizer City Council amendments to the Keizer Development Code (Ordinance No. 98-389); and

WHEREAS, the City Council has held a hearing on this matter and considered the testimony given and the recommendation of the Keizer Planning Commission; and

WHEREAS, the Keizer City Council has determined that it is necessary and appropriate to amend the Keizer Development Code as set forth herein; and

WHEREAS, the Keizer City Council has determined that such amendments meet the criteria set forth in state law, the Keizer Comprehensive Plan, and the Keizer Development Code;

NOW, THEREFORE,
The City of Keizer ordains as follows:

Section 1. FINDINGS. The City of Keizer adopts the Findings set forth in Exhibit "A" attached hereto and by this reference incorporated herein.

Section 2. AMENDMENT TO THE KEIZER DEVELOPMENT CODE.

The Keizer Development Code (Ordinance No. 98-389) is hereby amended by the

1 adoption of the changes to Section 2.102 (Single Family Residential) as set forth in
2 Exhibit "B" attached hereto, and by this reference incorporated herein.

3 Section 3. SEVERABILITY. If any section, subsection, sentence, clause,
4 phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional,
5 or is denied acknowledgment by any court or board of competent jurisdiction,
6 including, but not limited to the Land Use Board of Appeals, the Land Conservation
7 and Development Commission and the Department of Land Conservation and
8 Development, then such portion shall be deemed a separate, distinct, and independent
9 provision and such holding shall not affect the validity of the remaining portions
10 hereof.

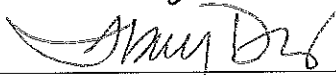

11 Section 4. EFFECTIVE DATE. This Ordinance shall take effect thirty (30)
12 days after its passage.

13 PASSED this 16th day of May, 2016.

Mayor

City Recorder

EXHIBIT “A”

Findings regarding the adoption of amendment to Section 2.102 (Single Family Residential) in the Keizer Development Code.

The City of Keizer finds that:

1. General Findings.
The particulars of this case are found within Planning file Text Amendment 2016-02. Public hearings were held before the Planning Commission on April 13, 2016, and before the City Council on May 2, 2016. Both the Planning Commission and the City Council unanimously supported the proposed revision.
2. Amendments to the Comprehensive Plan or Development Code shall be approved if the evidence can substantiate the following. Amendments to the map shall be reviewed for compliance with each of the following, while text amendments shall only be reviewed for compliance with Section 3.111.04 B, C, and D. Given that this is a text amendment Section 3.111.04 A is not applicable.
3. **Section 3.111.04.B - A demonstrated need exists for the product of the proposed amendment**

Findings: The proposed revision to the zone code reflects a demonstrated need. The City Council has recognized that from time to time the Keizer Development Code should be updated to avoid having the code become so out of date that it would require a massive and costly comprehensive update. The demonstrated need is to revise the city’s regulations affecting density provisions in the Single Family Residential (RS) zone throughout the city, and so therefore this text amendment complies with this review criterion.

4. **Section 3.111.04.C- The proposed amendment to the Keizer Development Code complies with statewide land use goals and related administrative rules**

FINDINGS: The proposed text amendments comply with the statewide land use planning goals as discussed below.

Goal 1 – Citizen Involvement: The adoption of this ordinance followed notice, a public process involving public hearings, deliberation, and ordinance adoption. Public notice was provided in the Keizertimes. Public hearings were held before the Planning Commission on April 13, 2016, and before the City Council on May 2, 2016. Citizens were afforded the opportunity to participate in the public process. This process is consistent with the provision for providing an opportunity for citizens to be involved in all phases of this proposed planning process as is required by this goal and with implementing administrative rules within Oregon Administrative Rules.

Goal 2 – Land Use Planning: This ordinance amends the Keizer Development Code. The city has an adopted comprehensive plan acknowledged by the state. The adoption proceeding was conducted in a manner consistent with the Keizer Comprehensive Plan, Keizer Development Code, and applicable state law. The proposed revision to the Keizer Development Code is consistent with this statewide planning goal and administrative rules.

Goal 3 – Farm Land: The purpose of this goal is to protect lands that are designated for agricultural uses. Within the city limits the Exclusive Farm Use (EFU), Special Agriculture (SA), Urban Transition (UT), and Public (P) allow commercial agricultural uses. However, only the city's SA zone is a state recognized EFU qualifying zone. The amendment involves regulations affecting the density of RS zoned properties that are within the boundaries of the city limits of Keizer and will not affect lands that are outside the city limits or any lawful uses occurring on those lands. The proposed amendment will comply with the Farm Land Goal and with implementing administrative rules.

Goal 4 – Forest Land: The intent of this goal is to protect lands designated for commercial forest uses. There are no zone districts specifically designated within the city limits that will allow for commercial forestry. Also, there are no commercial forest lands near, or adjacent to the city limits of Keizer. The amendment to the KDC does not involve any land which is designated as forest land, nor will it impact the use of any forest lands. The proposed amendment will comply with this Goal and with implementing administrative rules.

Goal 5 – Natural Resources: The intent of the Natural Resources Goal is to protect various natural resources such as wetlands, waterways, big game habitat, etc. The city has a local wetland inventory of sites where wetland soils may be present. The city has an adopted Willamette River Greenway Overlay zone to protect resources along the Willamette River. There are no identified big game habitats within the city limits of Keizer. The city established a Resource Conservation overlay zone to maintain, preserve and protect the natural features adjacent to Claggett Creek. In addition, the city has been developing storm water regulations to protect water quality of the local water ways. The proposed amendment will not affect or preclude any of the city's natural resources protection regulations nor the lawful use of any properties that are within this overlay zone. Therefore, the proposed text amendment will be consistent with this goal and with administrative rules which implement this goal.

Goal 6 – Air, Water and Land Quality: The intent of this goal is to protect the city's air, water and land qualities. The city provides its residents with city water from groundwater sources. The quality of the water is monitored to ensure that it complies with all state and federal water quality standards. New construction is required to be connected to the established sanitary sewer system thereby reducing the potential of groundwater contamination from failing on-site septic systems. The city has storm water regulations which are to maintain water quality

in the Willamette River and local streams. Land quality is preserved through the city's erosion control regulations and through zone code development regulations. Air quality is preserved through the city's development code regulations which limit certain types of uses and are enforced by appropriate state agencies which govern air emission standards. The revision to the city's standards regarding the density provision in the area north of Barnick Road will comply with this goal and with the administrative rules that implement this goal.

Goal 7 – Natural Hazards: The purpose of this goal is to protect life and property from hazards resulting from flooding, steep slopes or other natural occurrences. The city has floodplain regulations that govern the placement of structures within identified 100-year floodplains within the city limits. In Keizer, these are primarily located along the Willamette River and smaller streams such as Claggett Creek. The floodplains have been mapped by the federal government. The intent of the floodplain regulations is to minimize the loss of life and property damage by preventing development, elevating structures above the flood elevation, or flood proofing structures in the floodplain. While there are some steep slopes in the northwest quadrant of the city, there are no mapped areas of steep slopes in Keizer that might warrant any special engineering. The proposed text amendment will neither impact this goal nor any administrative rules.

Goal 8 – Recreation: This goal requires the city to identify and plan for the current and future recreation needs of the residents of the city. The city has an adopted Parks and Recreation Master Plan that inventories parks, playgrounds, and recreational opportunities within the city limits and plans for the city's future park and recreation needs. The proposed amendment will have no impact on the recreational activities that occur on any park land within the city and will not impact either this goal or any administrative rules that implement it.

Goal 9 – Economic Development: The intent of this goal is to ensure that the city plans for its overall economic vitality. Current employment were projected forward based on regional job growth estimates and the above target industry goals. The growth forecast calls for a total of 3,774 new jobs over the next 20 years. The adopted Economic Opportunities Analysis found there is a net need for commercial and institutional lands amounting to 63.3 gross acres above and beyond what the City's remaining buildable employment lands can accommodate. The proposed text amendment will not have any adverse impact on the economic development activities or uses within the city. Therefore, the proposal is consistent with this goal.

Goal 10 – Housing: This goal requires the city to plan and provide for the housing needs of its residents. The adopted Housing Needs Analysis found that for the upcoming 20-year period that there will be a need for 4,513 new units to house the future population. The inventory of buildable residential lands contain a supply of 315.2 acres which are vacant, partially vacant or re-developable and can accommodate an estimated 2,422 units resulting in 2,090 units which must be

accommodated beyond the City's existing capacity. When this remaining land need is apportioned to Keizer's residential zones, the HNA estimates a 20-year need of 267 gross acres of residential land. The revision to the city's density provision in the area north of Barnick Road will help to off-set some of the projected residential need and so the proposed amendments will have a positive impact on this goal.

Goal 11- Public Facilities and Services: The intent of this goal is to develop a timely, orderly and efficient arrangement of public facilities and services necessary to serve the residents of Keizer. The city provides its residents with water, an established street system, administrative services and police services. Sanitary sewer service is provided by the city of Salem through an intergovernmental agreement. Fire protection services are provided by the Keizer Fire District or Marion County Fire District #1. There is sufficient capacity in the municipal water delivery system and also within the sanitary sewer treatment system to accommodate planned growth within the upcoming 20 year planning period. The proposed text amendment will not impact any of the city's public facilities and services and will comply with this goal and all administrative rules.

Goal 12 – Transportation: The city has an adopted Transportation System Plan that describes the city's transportation systems. This system includes streets, transit, bike, and pedestrian systems. It inventories the existing systems and contains plans for improving these systems. The city has determined that the text amendment to the density provision in the RS zone north of Barnick Road will not significantly affect any transportation facility within the city limits and so is consistent with Section 3.111.05 regarding Transportation Planning Rule compliance. The proposed text amendment will have no adverse impact on the city's transportation systems and so will not affect this goal nor any implementing rules.

Goal 13 – Energy Conservation: This goal seeks to maximize the conservation of energy. All new construction requires compliance for review to applicable energy conservation standards. The proposed zone code text amendment will have no impact on this goal nor any of the implementing administrative rules.

Goal 14 – Urbanization: The intent of this goal to provide for an orderly and efficient transition from rural to urban land use. The city has an adopted Comprehensive Plan and zone code that complies with the goal. The proposed text amendment will affect only land that is within the city limits and will not impact the use of any land being transitioned from rural to urbanized uses and so is therefore consistent with this goal.

Goal 15 – Willamette River: This goal seeks to protect, conserve, and maintain the natural, scenic, historical, agricultural, economic and recreational qualities of lands along the Willamette River. The revision to the city's development code

will have no impact on the ability of the city to regulate uses along the river or the Willamette River overlay zone regulations and so this goal is not applicable.

Goal 16 (Estuarine Resources), Goal 17 (Coastal Shorelands), Goal 18 (Beaches and Dunes), and Goal 19 (Ocean Resources) govern areas along the ocean. Since Keizer is not located along the coast these goals are not applicable.

In consideration of the above findings, the proposed zone code revision complies with all applicable statewide land use goals and with all applicable administrative rules which implement the relevant goal.

5. **Section 3.111.04.D - The amendment is appropriate as measured by at least one of the following criteria:**

- a. It corrects identified error(s) in the previous plan.
- b. It represents a logical implementation of the plan.
- c. It is mandated by changes in federal, state, or local law.
- d. It is otherwise deemed by the council to be desirable, appropriate, and proper.

FINDINGS: The proposed text amendment will revise Section 2.102.06.J so that the density limitation of 6 dwelling units per acre on parcels located north of Barnick Road is changed to be similar to the density provisions of the RS zone of 8 dwelling units per acre in the rest of the city. When this restriction was created the northern part of the city lacked both sanitary sewer and public water to adequately accommodate a level of density found in other areas of the city. With the public improvements that now serve this area, combined with the number of parcels that have been re-divided, this density restriction is no longer appropriate. While there are no Comprehensive Plan goals or policies that offer guidance, it is determined that the proposed amendment to the zone code represents a logical implementation of the Keizer Comprehensive Plan. The City Council has, by this adoption, determined that the text revision is desirable, appropriate, and proper. As such, the proposal complies with this criterion.

2.102 SINGLE FAMILY RESIDENTIAL (RS)

2.102.01 Purpose

The purpose of the RS (Single Family Residential) zone is to allow development of single family homes on individual lots provided with urban services at low urban densities. Other uses compatible with residential development are also appropriate. These areas are designated as Low Density Residential in the Comprehensive Plan. (5/98)

1. Is properly accredited by the Council on Accreditation on Child and Family Programs;
2. Be located on a lot of no less than 16,000 square feet;
3. The lot shall be located on an arterial or major collector street;
4. Shall be no less than 2,400 square feet in size, excluding attached garages, carports, patios, and all unfinished space;
5. Shall have setbacks for all structures of no less than 16 feet on each side and 30 feet along the back of the property;
6. Shall have usable paved off-street parking for no less than 6 vehicles, plus one additional usable off-street paved parking space is to be provided for each foster child that owns or is the principal driver of any vehicle;
7. At least on half of the lot area (no less than 8,000 square feet) shall consist of open space, grass and landscaping, including landscaping area at least 8 feet wide for permanent visual screening along the sides and back of the property. (which landscaping along sides and back of the property shall be designed for a minimum height of no less than 6 feet after five years) Decks, patios, paved areas, and parking areas, (paved or unpaved) shall not be included when calculating the amount of required open space, grass and landscaping.
8. Is not located within one-half (1/2) mile of another child foster home of six to eight children, as measured between the closest lot lines of the existing child foster home and the proposed child foster home.

All child foster homes shall meet all applicable laws and regulations, including, but not limited to, applicable building codes. (6/99)

H. Transit Station (Section 2.429). (5/09)

I. Cottage Cluster Development with or without the creation of any new lots (Section 2.432). (6/14)

2.102.05 Dimensional Standards

The following dimensional standards shall be the minimum requirements for all development in the RS Zone except for modifications permitted under Section 2.202, General Exceptions or as required in Section 2.4. (5/98)

A. Minimum Lot Dimension and Height Requirements

DIMENSION	Residential Uses	Non-Residential Uses
Lot Size	4000 square feet (1)	(2)
Average Width	40 feet	None
Average Depth	70 feet	None
Maximum Height	35 feet	(3)

- (1) *Newly created lots or parcels less than 5000 square feet in area shall be limited to zero lot line dwellings (2.404). (5/98)*
- (2) *Parcel size shall be adequate to contain all structures within the required yard setbacks. (5/98)*
- (3) *50 Feet - Required setbacks shall increase 1 foot for every foot the height exceeds 35 feet. (5/98)*

B. Minimum Yard Setback Requirements

SETBACKS	Residential Uses	Non-Residential Uses
Front (5)	10 feet	20 feet
Side	5 feet (1)	10 feet
Rear	(2)	20 feet
Street-side (3)	10 feet	20 feet
Garage Entrance (4)	20 feet	20 feet

- (1) *Zero side yard dwelling units are subject to the setback provisions in Section 2.404. (5/98)*
- (2) *The rear yard setback shall be as follows: 14 feet for a 1-story home; 20 feet for a 2-story home. (5/98)*
- (3) *Setbacks are measured from property lines, not easement lines. However, no structure shall be placed any closer than five feet from the edge of an access easement or 20 feet from the right-of-way of an arterial or collector street. (5/98)*

- (4) *The garage entrance setback shall be measured from the property line or edge of private access easement to the entrance of the garage. The centerline of the driveway shall be measured if the driveway to the garage entrance is not perpendicular to the property line or private access easement. In no case shall a garage be set back less than the minimum front, side, and rear setbacks. (5/98)*
- (5) *The minimum front setback from an access easement shall be ten (10) feet. (10/15)*

2.102.06 Development Standards

All development in the RS Zone shall comply with the applicable provisions of this Ordinance. The following includes referenced items as well as additional development requirements:

- A. **Off Street Parking:** Parking shall be as specified in Section 2.303. (5/98)
- B. **Subdivisions and Partitions:** Land divisions shall comply with provisions of Section 2.310. (5/98)
- C. **Yards and Lots:** Yards and lots shall conform to the standards of Section 2.312. (5/98)
- D. **Design Standards** - Unless specifically modified by provisions in this Section, buildings located within the RS zone shall comply with the following standards: (5/98)
 1. Single family homes shall comply with the design standards in Section 2.314. (5/98)
 2. Residential structures with four or more attached dwelling units and non-residential structures shall comply with the provisions in Section 2.315 - Development Standards. (5/98)
- E. **Signs:** Signs shall conform to the requirements of Section 2.308. (5/98)
- F. **Accessory Structures:** Accessory structures shall conform to requirements in Section 2.313. (5/98)
- G. **Landscaping:** A minimum of 30% of the property shall be landscaped, including all required yards. Landscaped areas shall be landscaped as provided in Section 2.309. (5/98)

- H. **Lot Coverage:** The maximum coverage allowed for buildings, accessory structures and paved parking shall be 70%. (5/98)
- I. **Density:** When RS zoned property is subdivided the minimum density shall be 4 units per acre; the maximum density shall be 8 units per acre ~~except in the RS zoned area north of Barnick Road where the maximum density shall be 6 units per acre with no minimum.~~ (5/98)
- J. **Number of Buildings.** No more than one primary building shall be located on a lot or parcel. (5/98)

WHEREAS, the Keizer Planning Commission has recommended to the Keizer City Council amendments to the Keizer Development Code (Ordinance No. 98-389); and

WHEREAS, the City Council has held a hearing on this matter and considered the testimony given and the recommendation of the Keizer Planning Commission; and

WHEREAS, the Keizer City Council has determined that it is necessary and appropriate to amend the Keizer Development Code as set forth herein; and

WHEREAS, the Keizer City Council has determined that such amendments meet the criteria set forth in state law, the Keizer Comprehensive Plan, and the Keizer Development Code;

NOW, THEREFORE,

The City of Keizer ordains as follows:

Section 1. FINDINGS. The City of Keizer adopts the Findings set forth in Exhibit "A" attached hereto and by this reference incorporated herein.

Section 2. AMENDMENT TO THE KEIZER DEVELOPMENT CODE.

The Keizer Development Code (Ordinance No. 98-389) is hereby amended by the

1 adoption of the changes to Section 3.202 (General Procedures – Types I, II, and III
2 Actions) as set forth in Exhibit "B" attached hereto, and by this reference incorporated
3 herein.

4 Section 3. SEVERABILITY. If any section, subsection, sentence, clause,
5 phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional,
6 or is denied acknowledgment by any court or board of competent jurisdiction,
7 including, but not limited to the Land Use Board of Appeals, the Land Conservation
8 and Development Commission and the Department of Land Conservation and
9 Development, then such portion shall be deemed a separate, distinct, and independent
10 provision and such holding shall not affect the validity of the remaining portions
11 hereof.

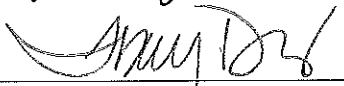

12 Section 4. EFFECTIVE DATE. This Ordinance shall take effect thirty (30)
13 days after its passage.

City Recorder

EXHIBIT "A"

Findings regarding the adoption of amendment to Section 3.202 (General Procedures – Types I, II, and III Actions) in the Keizer Development Code.

The City of Keizer finds that:

1. General Findings.
The particulars of this case are found within Planning file Text Amendment 2016-02. Public hearings were held before the Planning Commission on April 13, 2016, and before the City Council on May 2, 2016. Both the Planning Commission and the City Council unanimously supported the proposed revision.
2. Amendments to the Comprehensive Plan or Development Code shall be approved if the evidence can substantiate the following. Amendments to the map shall be reviewed for compliance with each of the following, while text amendments shall only be reviewed for compliance with Section 3.111.04 B, C, and D. Given that this is a text amendment Section 3.111.04 A is not applicable.
3. **Section 3.111.04.B - A demonstrated need exists for the product of the proposed amendment**
Findings: The proposed revision to the zone code reflects a demonstrated need. The City Council has recognized that from time to time the Keizer Development Code should be updated to avoid having the code become so out of date that it would require a massive and costly comprehensive update. The demonstrated need is to revise the city's regulations affecting expedited land division so that it is consistent with state requirements, and so therefore this text amendment complies with this review criterion.
4. **Section 3.111.04.C- The proposed amendment to the Keizer Development Code complies with statewide land use goals and related administrative rules**

FINDINGS: The proposed text amendments comply with the statewide land use planning goals as discussed below.

Goal 1 – Citizen Involvement: The adoption of this ordinance followed notice, a public process involving public hearings, deliberation, and ordinance adoption. Public notice was provided in the Keizertimes. Public hearings were held before the Planning Commission on April 13, 2016, and before the City Council on May 2, 2016. Citizens were afforded the opportunity to participate in the public process. This process is consistent with the provision for providing an opportunity for citizens to be involved in all phases of this proposed planning process as is required by this goal and with implementing administrative rules within Oregon Administrative Rules.

Goal 2 – Land Use Planning: This ordinance amends the Keizer Development Code. The city has an adopted comprehensive plan acknowledged by the state. The adoption proceeding was conducted in a manner consistent with the Keizer Comprehensive Plan, Keizer Development Code, and applicable state law. The proposed revision to the Keizer Development Code is consistent with this statewide planning goal and administrative rules.

Goal 3 – Farm Land: The purpose of this goal is to protect lands that are designated for agricultural uses. Within the city limits the Exclusive Farm Use (EFU), Special Agriculture (SA), Urban Transition (UT), and Public (P) allow commercial agricultural uses. However, only the city's SA zone is a state recognized EFU qualifying zone. The amendment involves regulations affecting a land division process of properties within the boundaries of the city limits of Keizer and will not affect lands that are outside the city limits or any lawful uses occurring on those lands. The proposed amendment will comply with the Farm Land Goal and with implementing administrative rules.

Goal 4 – Forest Land: The intent of this goal is to protect lands designated for commercial forest uses. There are no zone districts specifically designated within the city limits that will allow for commercial forestry. Also, there are no commercial forest lands near, or adjacent to the city limits of Keizer. The amendment to the KDC does not involve any land which is designated as forest land, nor will it impact the use of any forest lands. The proposed amendment will comply with this Goal and with implementing administrative rules.

Goal 5 – Natural Resources: The intent of the Natural Resources Goal is to protect various natural resources such as wetlands, waterways, big game habitat, etc. The city has a local wetland inventory of sites where wetland soils may be present. The city has an adopted Willamette River Greenway Overlay zone to protect resources along the Willamette River. There are no identified big game habitats within the city limits of Keizer. The city established a Resource Conservation overlay zone to maintain, preserve and protect the natural features adjacent to Claggett Creek. In addition, the city has been developing storm water regulations to protect water quality of the local water ways. The proposed amendment will not affect or preclude any of the city's natural resources protection regulations nor the lawful use of any properties that are within this overlay zone. Therefore, the proposed text amendment will be consistent with this goal and with administrative rules which implement this goal.

Goal 6 – Air, Water and Land Quality: The intent of this goal is to protect the city's air, water and land qualities. The city provides its residents with city water from groundwater sources. The quality of the water is monitored to ensure that it complies with all state and federal water quality standards. New construction is required to be connected to the established sanitary sewer system thereby reducing the potential of groundwater contamination from failing on-site septic systems. The city has storm water regulations which are to maintain water quality

in the Willamette River and local streams. Land quality is preserved through the city's erosion control regulations and through zone code development regulations. Air quality is preserved through the city's development code regulations which limit certain types of uses and are enforced by appropriate state agencies which govern air emission standards. The revision to the city's standards regarding expedited land division regulations will comply with this goal and with the administrative rules that implement this goal.

Goal 7 – Natural Hazards: The purpose of this goal is to protect life and property from hazards resulting from flooding, steep slopes or other natural occurrences. The city has floodplain regulations that govern the placement of structures within identified 100-year floodplains within the city limits. In Keizer, these are primarily located along the Willamette River and smaller streams such as Claggett Creek. The floodplains have been mapped by the federal government. The intent of the floodplain regulations is to minimize the loss of life and property damage by preventing development, elevating structures above the flood elevation, or flood proofing structures in the floodplain. While there are some steep slopes in the northwest quadrant of the city, there are no mapped areas of steep slopes in Keizer that might warrant any special engineering. The proposed text amendment will neither impact this goal nor any administrative rules.

Goal 8 – Recreation: This goal requires the city to identify and plan for the current and future recreation needs of the residents of the city. The city has an adopted Parks and Recreation Master Plan that inventories parks, playgrounds, and recreational opportunities within the city limits and plans for the city's future park and recreation needs. The proposed amendment will have no impact on the recreational activities that occur on any park land within the city and will not impact either this goal or any administrative rules that implement it.

Goal 9 – Economic Development: The intent of this goal is to ensure that the city plans for its overall economic vitality. Current employment were projected forward based on regional job growth estimates and the above target industry goals. The growth forecast calls for a total of 3,774 new jobs over the next 20 years. The adopted Economic Opportunities Analysis found there is a net need for commercial and institutional lands amounting to 63.3 gross acres above and beyond what the City's remaining buildable employment lands can accommodate. The proposed text amendment will not have any adverse impact on the economic development activities or uses within the city. Therefore, the proposal is consistent with this goal.

Goal 10 – Housing: This goal requires the city to plan and provide for the housing needs of its residents. The adopted Housing Needs Analysis found that for the upcoming 20-year period that there will be a need for 4,513 new units to house the future population. The inventory of buildable residential lands contain a supply of 315.2 acres which are vacant, partially vacant or re-developable and can accommodate an estimated 2,422 units resulting in 2,090 units which must be

accommodated beyond the City's existing capacity. When this remaining land need is apportioned to Keizer's residential zones, the HNA estimates a 20-year need of 267 gross acres of residential land. The revisions to the city's development code will not impact on this goal.

Goal 11- Public Facilities and Services: The intent of this goal is to develop a timely, orderly and efficient arrangement of public facilities and services necessary to serve the residents of Keizer. The city provides its residents with water, an established street system, administrative services and police services. Sanitary sewer service is provided by the city of Salem through an intergovernmental agreement. Fire protection services are provided by the Keizer Fire District or Marion County Fire District #1. There is sufficient capacity in the municipal water delivery system and also within the sanitary sewer treatment system to accommodate planned growth within the upcoming 20 year planning period. The proposed text amendment will not impact any of the city's public facilities and services and will comply with this goal and all administrative rules.

Goal 12 – Transportation: The city has an adopted Transportation System Plan that describes the city's transportation systems. This system includes streets, transit, bike, and pedestrian systems. It inventories the existing systems and contains plans for improving these systems. The city has determined that the text amendment to standards regarding expedited land division will not significantly affect any transportation facility within the city limits and so is consistent with Section 3.111.05 regarding Transportation Planning Rule compliance. The proposed text amendment will have no adverse impact on the city's transportation systems and so will not affect this goal nor any implementing rules.

Goal 13 – Energy Conservation: This goal seeks to maximize the conservation of energy. All new construction requires compliance for review to applicable energy conservation standards. The proposed zone code text amendment will have no impact on this goal nor any of the implementing administrative rules.

Goal 14 – Urbanization: The intent of this goal to provide for an orderly and efficient transition from rural to urban land use. The city has an adopted Comprehensive Plan and zone code that complies with the goal. The proposed text amendment will affect only land that is within the city limits and will not impact the use of any land being transitioned from rural to urbanized uses and so is therefore consistent with this goal.

Goal 15 – Willamette River: This goal seeks to protect, conserve, and maintain the natural, scenic, historical, agricultural, economic and recreational qualities of lands along the Willamette River. The revision to the city's development code will have no impact on the ability of the city to regulate uses along the river or the Willamette River overlay zone regulations and so this goal is not applicable.

Goal 16 (Estuarine Resources), Goal 17 (Coastal Shorelands), Goal 18 (Beaches and Dunes), and Goal 19 (Ocean Resources) govern areas along the ocean. Since Keizer is not located along the coast these goals are not applicable.

In consideration of the above findings, the proposed zone code revision complies with all applicable statewide land use goals and with all applicable administrative rules which implement the relevant goal.

5. **Section 3.111.04.D - The amendment is appropriate as measured by at least one of the following criteria:**

- a. It corrects identified error(s) in the previous plan.
- b. It represents a logical implementation of the plan.
- c. It is mandated by changes in federal, state, or local law.
- d. It is otherwise deemed by the council to be desirable, appropriate, and proper.

FINDINGS: The proposed text amendment will revise Section 3.202. The proposed revision is the result of a bill passed in the 2015 legislature session that modified the Expedited Land Division process and will incorporate the option of an expedited land division to applicants who qualify under ORS 197 within the city's development code. Recent state changes require that the city notify an applicant of the option for this type of review and contains qualifying provisions regarding density and affordability. While there are no Comprehensive Plan goals or policies that offer guidance it is determined that the proposed amendment to the zone code represents a logical implementation of the Keizer Comprehensive Plan. The intent is to make the city's standards consistent with recent changes to the state regulations affecting expedited land division. The City Council has, by this adoption, determined that the text revision is desirable, appropriate, and proper. As such, the proposal complies with this criterion.

 3. Performance bonding for applicable conditions shall comply with the provisions in Section 3.202.05B. (2/01)
- I. Notice. The applicant shall be notified, in writing, of the decision or recommendation. In addition, notice of the decision shall be mailed to individuals who request such notice at the public hearing, or, by those individuals who submitted a written request for notice prior to the public hearing. (06/11)
- J. Appeals. With the exception of a conditional use for a Transit Station, which is a final decision by the City Council, a Type II land use decision may be appealed to the City Council by either the applicant, persons receiving notice of the

DRAFT

decision or the Administrator. The appeal shall be filed within 10 days from the date of the mailing of the decision, pursuant to the provisions of Section 3.205. Type III land use applications are automatically reviewed by the City Council.
(06/11)

- K. Time Limit. The final land use decision, including all appeals, shall be completed within 120 days as per the requirements in Section 3.202.05. (2/01)
- L. Expedited Land Division. If qualified under ORS 197, an expedited land division provides an alternative to the standard review procedures for land division as set forth by the city. The application shall be processed as provided by state statute in lieu of the city's procedures.

3.202.05 Special Procedural Requirements

A. 120 Day Time Limit

If for any reason it appears that such final action may not be completed within the 120 day period, unless the applicant voluntarily extends the time period, the following procedures shall be followed regardless of other processes set forth elsewhere in this Ordinance. (5/98)

1. The City staff shall notify the City Council of the timing conflict by the 95th day. The City Council shall, in accordance with its own procedures, set a time for an emergency meeting within the 120 day period. (5/98)
2. Public notice shall be mailed to affected parties as specified in Section 3.204.02. (5/98)
3. The City Council shall hold in a public hearing on the specified date, in accordance with the provisions of Section 3.204 and render a decision approving or denying the request within the 120 day period. Such action shall be the final action by the City on the application. (5/98)

B. Performance and Maintenance Bonding (2/01)

Conditions of approval required by the City shall be completed prior to the issuance of any building permit within a residential subdivision or partitioning, or an occupancy permit for any other use. When an applicant provides information which demonstrates that it is not practical to fulfill all conditions prior to issuance of such permit, the City may require a performance bond or other guarantee to ensure compliance with zoning regulations or fulfillment of required conditions.
(2/01)

1. Types of Guarantees - Performance guarantees may be in the form of performance bond payable to the City of Keizer, cash, certified check, time certificate of deposit, or other form acceptable to the City. The City

DRAFT

Attorney must approve the form and appropriate documents filed with the City Recorder. Agreements may be recorded to restrict building permits. (2/01)

2. Amount of Guarantee - The amount of the guarantee must be equal to at least one-hundred-ten percent (110%) of the estimated cost of the performance. The applicant must provide a written estimate acceptable to the City, which must include an itemized estimate of all materials, labor, equipment and other costs of the required performance. (5/98)
3. Completion of Performance - All improvements shall be completed within one year of filing the performance guarantee. The Administrator may extend this time limit for up to one additional year. (2/01)
4. Maintenance Bonds for public improvements of 40% of the total cost of improvements is required for one year warranty. (2/01)
