A12. **Review Criteria:** “In the event that the subject property, or any portion thereof, is designated as “Residential” on the City’s Comprehensive Plan Map; specific findings shall be made addressing substantial compliance with Implementation Measure 4.1.4.b, d, e, q, and x of Wilsonville’s Comprehensive Plan text;”

**Finding:** These criteria are satisfied.

**Details of Finding:** Implementation Measure 4.1.6.c. states the “Village” Zone District shall be applied in all areas that carry the Residential-Village Plan Map Designation. Since the Village Zone must be applied to areas designated “Residential Village” on the Comprehensive Plan Map and is the only zone that may be applied to these areas, its application is consistent with the Comprehensive Plan.

Public Facility Concurrency
Subsection 4.197 (.02) D.

A13. **Review Criteria:** “That the existing primary public facilities, i.e., roads and sidewalks, water, sewer and storm sewer are available and are of adequate size to serve the proposed development; or, that adequate facilities can be provided in conjunction with project development. The Planning Commission and Development Review Board shall utilize
any and all means to insure that all primary facilities are available and are adequately sized.”

**Finding:** These criteria are satisfied.

**Details of Finding:** Existing primary public facilities are available or can be provided in conjunction with the project as shown on the applicant’s plan sheets submitted for the Preliminary Development Plan request.

**SROZ Impacts**

Subsection 4.197 (.02) E.

A14. **Review Criteria:** “That the proposed development does not have a significant adverse effect upon Significant Resource Overlay Zone areas, an identified natural hazard, or an identified geologic hazard. When Significant Resource Overlay Zone areas or natural hazard, and/ or geologic hazard are located on or about the proposed development, the Planning Commission or Development Review Board shall use appropriate measures to mitigate and significantly reduce conflicts between the development and identified hazard or Significant Resource Overlay Zone;”

**Finding:** These criteria are satisfied.

**Details of Finding:** The subject property does not involve land in the SROZ or contain any inventoried hazards identified by this subsection.

**Development within 2 Years**

Subsection 4.197 (.02) F.

A15. **Review Criterion:** “That the applicant is committed to a development schedule demonstrating that the development of the property is reasonably expected to commence within two (2) years of the initial approval of the zone change.”

**Finding:** This criterion is satisfied.

**Details of Finding:** The applicant has provided information stating they reasonably expect to commence development within two (2) years of the approval of the zone change. However, in the scenario where the applicant or their successors due not commence development within two (2) years allow related land use approvals to expire, the zone change shall remain in effect.

**Development Standards Conformance**

Subsection 4.197 (.02) F.

A16. **Review Criteria:** “That the proposed development and use(s) can be developed in compliance with the applicable development standards or appropriate conditions are attached to insure that the project development substantially conforms to the applicable development standards.”

**Finding:** These criteria are satisfied.

**Details of Finding:** The zone map amendment will facilitate development consistent with the Village Zone standards and other applicable standards of the Planning and Land Development Ordinance.
