A. Wasco County Land Use & Development Ordinance Chapter 2 – Development Approval Procedures:

   SECTION 2.060 Application/Completeness

   Pursuant to Chapter 2, Section 2.060(B)(2), ordinance amendments shall be heard by the Planning Commission; it states:

   B. The following matters shall be heard by the Planning Commission, pursuant to Sections 2.080, 2.090, 2.130, 2.140, 2.150, and 2.190 of this Ordinance:

   ... 2. Recommendation to the County Governing Body on a Zone Change and/or Ordinance Amendment (Chapter 9)

   FINDING: Sections 2.080, 2.090, 2.130, 2.140, 2.150, 2.190 and Chapter 9 are addressed below. Consistent with this rule, the proposed ordinance amendment was heard by the Planning Commission on December 16, 2015 and December 21, 2015. The Planning Commission used the information in this report to make a recommendation to the Board of County Commissioners, who will make the final decision.

   SECTION 2.080 Notice
   SECTION 2.090 Contents of Notice
   SECTION 2.130 Establishment of Party Status
   SECTION 2.140 Hearing Procedure
   SECTION 2.150 Official Notice
   SECTION 2.190 General Conduct of Hearings

   FINDING: The above sections establish the requirements for providing notice and the general conduct of hearings. Most of the criteria specifically address requirements for administrative decisions, quasi-judicial ordinance amendments, comprehensive plan amendments and zone changes. The proposed text amendment is a legislative ordinance amendment and does not include an administrative decision, zone change or comprehensive plan amendment. The Wasco County Planning Commission hosted public hearings for the proposed amendment on December 16, 2015 and December 21,
2015. Notice of the hearing dates was published in *The Dalles Chronicle* on November 24, 2015. The Board of County Commissioners will host public hearings to hear the legislative text amendment on December 28, 2015 and January 11, 2016. Notice of the Board hearing dates was published in *The Dalles Chronicle* on December 15, 2015.

Because the proposed amendment is legislative in nature, staff elected to provide written notice to all Wasco County landowners¹, in compliance with the Measure 56 notification process. The written notice was mailed to all landowners on November 24, 2015 – more than the 20-day pre-notice required by Section 2. The notice described the proposed text amendments, accessing materials, Planning Commission and Board of County Commission hearing dates, and instructions for providing input.

To ensure the general conduct of the hearings comply with Section 2.190, the Planning Commission and Board of County Commissioners will be provided a script with procedural guidance.

**B. Wasco County Land Use & Development Ordinance Chapter 9 – Zone Change and Ordinance Amendment**

**STAFF NOTE:** Sections 9.010 through 9.040 address zone changes only. Sections 9.050 through 9.080 address zone changes and amendments to the zoning ordinance.

**SECTION 9.050 Amendments to the Zoning Ordinance**

Pursuant to Section 9.050 of the Wasco County Land Use and Development Ordinance, amendments to the ordinance may be initiated through the following actions:

A. *By resolution of the County Governing Body referring a proposed amendment to the Planning Commission for its consideration, report and recommendations;*

B. *By a majority vote of the Planning Commission confirmed by the Wasco County Governing Body;*

C. *By request of the Director of Planning or the District Attorney to conform the Ordinance to changes in State Law;*

**FINDING:** At their October 21, 2015 meeting (a public meeting), the Wasco County Board of Commissioners provided direction to the Planning Department Staff and Wasco County Planning Commission to begin work on ordinance amendments to address the time, place and manner of marijuana businesses, as a direct response to new uses and authorities specified in Oregon House Bill 3400. A formal resolution referring the proposed plan amendment to the Planning Commission was signed by the Board of County Commissioners on December 2, 2015. The proposed amendment was initiated in a manner consistent with (A) above and therefore consistent with the requirements of Section 9.050.

¹ Using address data provided by the Wasco County Assessor’s records, written notice was provided to all Wasco County landowners with property located outside of incorporated communities.
SECTION 9.060 Recommendation on Zone Change or Amendment to the Land Use and Development Ordinance

After hearing, the Approving Authority shall recommend that the proposed zone change or amendment to the Zoning Ordinance be granted or denied. The Director of Planning or his assistants shall reduce to writing the Commission’s recommendations together with a brief statement of the facts and reasons upon which such recommendation is based.

FINDING: Public Hearings before the Planning Commission are scheduled for December 16, 2015 and December 21, 2015. The Planning Commission will use the information contained in the Staff Report and the feedback provided by commenting parties (see Section 2 above) to provide a formal recommendation to the Board of County Commissioners for their final decision. Following the public hearings, the Planning Department will provide the Commission’s recommendations in writing (this report) and will include a statement of facts and reasons for recommendations, consistent with this rule.

SECTION 9.070 Notice of Planning Commission Recommendation

Within ten (10) days of the final Planning Commission hearing, the Director of Planning or his assistants shall give notice thereof to any persons who signed in and testified at the hearing and to such other persons as may have requested the same in writing.

FINDING: Consistent with this rule, the Planning Department will provide notice of the Planning Commission recommendation within ten (10) days to persons who signed in and testified at the hearing and anyone who requested notification in writing.

SECTION 9.080 Action by County Governing Body

Upon receipt of the Commission report, the County Governing Body shall take such action as may appear appropriate to that body, or as it feels the public interest requires, provided that in no event shall the County Governing Body act until at least twenty (20) days after the Notice of Planning Commission Recommendation has been mailed.

FINDING: Upon completion of the Planning Commission hearing on December 21, 2015, the Commission’s recommendation will be forwarded to the Board of Commissioners. Notice of the Board hearing will be published a minimum of ten days prior to the hearing. The Planning Commission recommendation will be mailed the day after their recommendation is made at their public hearing. The Board of Commissioners hearing has been scheduled for December 28, 2015. To meet the 20 day requirement, the Board will continue their hearing to a date and time certain before taking action. The continued hearing is tentatively scheduled for January 11, 2016.
IV. CONCLUSION

Several months of public meetings, agency coordination, and research have been dedicated to the development of the proposed ordinance amendments. As proposed, the amendments will regulate the time, place and manner of new marijuana businesses on non-federal and non-Tribal Trust lands located outside of incorporated communities and outside of the Columbia River Gorge National Scenic Area. The proposed amendments will ensure the health, safety and welfare of County residents; allow farm uses to continue in farm and forest resource zones, industrial uses to continue in industrial zones and commercial uses to continue in commercial zones; and will ensure the protection of limited and sensitive resources (e.g. water).

The proposed amendments also include the creation and establishment of Chapter 11 (Marijuana Production, Processing, Wholesaling and Retailing).

*Please see the attached matrices to reference the marijuana uses allowed in each zone based on existing zoning ordinances and the proposed ordinance amendments (begins on page 2).*

Marijuana uses under current zoning regulations in Wasco County*

*Outside incorporated communities and outside the Columbia River Gorge National Scenic Area

The following information is based on a preliminary review of the Wasco County Land Use and Development Ordinance and the information currently available to staff regarding Measure 91 and House Bill 3400. Marijuana regulations and permitting procedures is a dynamic conversation that is still evolving. This document is intended to be used for discussion purposes ONLY, does not constitute official guidance for future applicants or applications and is NOT a land use decision or official interpretation to be relied upon in any way.

Possible marijuana business uses as a result of Measure 91 and House Bill 3400:

1. Medical Marijuana processing sites;
2. Medical Marijuana dispensaries;
3. Recreational Marijuana producers (growers);
4. Recreational Marijuana processors;
5. Recreational Marijuana wholesalers; or
6. Recreational Marijuana retailers;

Potential translations for existing uses identified in the Wasco County Land Use and Development Ordinance:

<table>
<thead>
<tr>
<th>Medical or Recreational Marijuana processing =</th>
<th>Depends on scale, could be home occupation (e.g. small batch baked goods), could be industrial (e.g. processing to extract oils for use by other manufacturers).</th>

</tr>
<tr>
<td>Recreational Marijuana retailer =</td>
<td>Commercial use such as a store or major home occupation that sells commodities.</td>
</tr>
</tbody>
</table>

Please see table below for zones and the possible review process currently available.

Important notes:

1. All licensed producers, processors, wholesalers, and retailers will be required to obtain a license from the OLCC and in some cases the OMMP. The rules and regulations of these entities are still being developed.
2. The OLCC will require setbacks from specific uses such as schools.
3. The OLCC will require sign off (a land use compatibility statement) from the Planning Department for all commercial growing and other marijuana businesses (and Planning will coordinate with Watermaster).
4. The law allows personal growing for personal use – County zoning cannot regulate this.
5. HB 3400 prohibits new agriculture dwellings to support the commercial growing of marijuana.
6. HB 3400 does not allow farm stands to sell marijuana products.
7. Remember that all new buildings require a land use application or confirmation of exemption prior to construction.
Please Note:

The table shown below does not provide anyone, under any circumstance, with an approval for new development or the growing of marijuana in any zone. The table was created to provide a general illustration of how current zoning of unincorporated lands and land outside of the National Scenic Area, might respond to new proposed marijuana uses in the future.

This document was revised for technical corrections to the table below on 12/3/2015.
