Upon receipt of the final plat and accompanying data, the City shall review the final plat and documents and shall approve or deny the final plat based on findings regarding compliance with the following criteria. If the City determines that there has not been full conformity, the applicant shall be advised of the changes or additions that must be made and will be afforded a reasonable opportunity to make such changes or additions.

(1) Streets, roads, bikeways and pedestrian facilities, and alleys for public use are dedicated without any reservation or restriction other than reversionary rights upon vacation of any such street or road and easements for public utilities.

(2) Streets, roads, bikeways and pedestrian facilities held for private use and indicated on the tentative plan of such subdivision or major partition have been approved by the City as conforming to the preliminary plat.

(5) The plat or map contains a dedication to the public of all common improvements, including but not limited to streets, roads, bikeways and pedestrian facilities, parks, sewage disposal and water supply systems, the dedication of which was made a condition of the approval of the tentative plat for the subdivision or major partition.

(6) The applicant has provided copies of all recorded homeowners' association codes, covenants, and restrictions (CC&Rs); deed restrictions; private easements and
agreements (e.g., for access, common areas, parking, etc.) and other recorded documents pertaining to common improvements recorded and referenced on the plat.

STAFF REPORT
January 6, 2016 City Council Meeting

Date: December 28, 2015
To: Monmouth City Council
From: Mark Fancey, Community Development Director
Thru: Scott McClure, City Manager
Subject: Legislative Amendment 15-01 - Proposed amendments to the Monmouth City Code Section 17.15.170

Summary: Legislative Amendment 15-01 amends Title 17 of the Monmouth City Code (MCC) to require that subdividers provide a one-year warranty bond on all public improvements and landscaping in public rights-of-way prior to final plat approval.

Previous Action: None

Background: MCC Section 17.15.170 does not provide for a post-completion warranty bond for public improvements in public rights-of-way. Public improvements may include curbs and gutters, streets, sidewalks, utility lines, landscaping and storm drains. The purpose of the bond is to provide a warranty period for the improvements after the improvements have been accepted by the City. Requiring warranty bonds for such improvements is commonly found in municipal subdivision codes.

Discussion: Legislative Amendment 15-01 amends Title 17 of the Monmouth City Code (MCC) to require that subdividers provide a one-year warranty bond on all public improvements and landscaping in public rights-of-way prior to final plat approval. The warranty bond would equal 30 percent of the cost for the improvements.

The amendments have been recommended by the Public Works Director and have been reviewed by the City Attorney.

Alternatives (options):

1. Adopt Legislative Amendment 15-01 as recommended by the Planning Commission;
2. Adopt Legislative Amendment 15-01 with modifications. (The motion must include the modifications.); or
3. Take no action.
Financial Implications: None

**Recommendation:** The Planning Commission conducted a public hearing on Legislative Amendment 15-01 on December 2, 2015. At the conclusion of the public hearing, the Planning Commission recommended adoption of the amendments.

If the Council votes to adopt Legislative Amendment 15-01, staff will prepare an ordinance for a first reading at the January 20, 2016 City Council meeting.

**Proposed Motion:**

I move that the Council accept the recommendation of the Planning Commission and adopt Legislative Amendment 15-01.
