

Fall 2017 OIMB Seminar Series

Oregon Institute of Marine Biology
Charleston, Oregon

Boathouse Auditorium/Dining Hall*, Fridays at 4:00 pm

- Sep 29 **Brice Semmens**, Scripps Institution of Oceanography, UC San Diego
"Fish spawning aggregation monitoring and management in the modern era: insights from the Cayman Islands"
- Oct 6 **Jon Witman**, Brown University *"Towards an integration of scale and complexity in marine ecology: examples from the Galápagos rocky subtidal"*
- Oct 13 **Margot Hessing-Lewis**, Hakai Institute (BC Canada) *"Stressed and disturbed; coastline complexity and biodiversity mitigate nearshore habitat change"*
- Oct 20 **Megan Dethier**, Friday Harbor Laboratories, University of Washington *"Uses and abuses of our beloved shorelines: Choices and consequences"*
PUBLIC SEMINAR at 7:00 pm
- Oct 27* **Kirsten Grorud-Colvert**, Oregon State University *"Oregon's marine reserves: local ecology, global context, and upcoming evaluation"*
- Nov 3* **Patrick Martone**, University of British Columbia *"Flap, flutter, and flow: morphological evolution of wave-swept seaweed"*
- Nov 10 **Louise Copeman**, Hatfield Marine Science Center, Oregon State University, NOAA *"Arctic cod in a warming ocean"*
- Nov 17 **Eleanor Lamont**, Oregon Institute of Marine Biology, University of Oregon (M.S. Defense) *"Swimming kinematics and thoracic appendage morphology in cyprids of *Balanus glandula*"*
- Dec 1 **Robert Burke**, University of Victoria *"Neural development of sea urchins: making the larval nervous system"*

Seminars are generally at the OIMB Boathouse Auditorium
Please park on Boat Basin Road and walk to the OIMB Boathouse

*Several seminars in Oct-Nov will take place at the OIMB Dining Hall due to road construction. Flagged dates subject to change. Please check signs or call for updates.

Call (541) 888-2581 or email oimb@uoregon.edu for more information
