Title of project: Building a Prison Arts Program through the Eyes of the Facilitator

This project has been approved by the departmental/unit human subjects committee or reviewer and by the faculty advisor, if a student project. The following issues, as applicable, were considered in the departmental review:

- Research design is clear and appropriate to the discipline
- Subject selection is fair and subjects are informed as to how they were selected
- Recruitment procedures help ensure voluntariness
- Voluntary participation is explicitly assured
- Informed consent procedures are appropriate to subjects
- Protection of privacy and/or confidentiality is adequate
- Potential risks (psychological, social, physical, economic, legal) are identified and mitigated
- Benefits of research outweigh risks
- Consent form/statement and research instruments are attached
