Scale: 1" = 1500'  
 0' 1500' 3000'

To verify zoning contact the Eugene Permit and Information Center. This map does not show zoning overlays such as site review, planned unit development, density transitional which are effective from property to property. The UrbanGrowth Overlay (UGO) is attached to all properties outside the city limits and restrictions apply to the development of these properties.

City Limits current June 15, 2006

— Eugene City Limits  
 - - - Springfield City Limits  
 - - - - - Urban Growth Boundary

Lane Council of Governments
