SECTION 100 - INTRODUCTION

The Third Bridge Corridor Development Plan is a 868.50 acre, Urban Renewal Plan for the City of Grants Pass, Oregon. The Third Bridge Corridor Development Area is located entirely within the incorporated City of Grants Pass and consists of a single geographic sector of the City with an estimated (1986-87) total taxable true cash value of $72,526,110.

This Plan consists of two parts--Part 1, Text and Part 2, Exhibits, and has been prepared by the Grants Pass Third Bridge Development Agency pursuant to the provisions of Chapter 457 of the Oregon Revised Statutes, the Oregon Constitution and all other applicable state and local laws.

SECTION 110 - CITY/AGENCY RELATIONSHIP

The Governing Body (Council) of the City of Grants Pass on July 1, 1987 by Ordinance No. 4597, declared that blighted areas exist within the City and that there is a need for an Urban Renewal Agency to function within the City. The City Council, by the approval of such Ordinance No. 4597, elected that all powers as provided by law in an Urban Renewal Agency be exercised by the Council of the City of Grants Pass. The title of the Urban Renewal Agency shall be known as the Third Bridge Corridor Development Agency.

The relationship between the City of Grants Pass, an Oregon Municipal Corporation and the Third Bridge Corridor Development Agency shall be as contemplated by Chapter 457 of the Oregon Revised Statutes. Nothing contained in this Plan, nor the City’s supplying of services or personnel, nor the budgeting requirements of this Plan shall in any way be construed as departing from or disturbing the relationship contemplated by Chapter 457 of the Oregon Revised Statutes.

Further, the Council, by Resolution No. 1990, declared its intent to create a Third Bridge Corridor Development Advisory Commission and on July 15, 1987 did create such Commission. The purpose of the Commission was to assist in the preparation of this Third Bridge Corridor Development Plan using Tax Increment Financing; to make a recommendation to Council regarding the Plan; and, to conduct an education program for the Community.

402. GOALS AND OBJECTIVES

To accomplish its mission the Development Agency will develop and implement a development program known as the Third Bridge Corridor Development Plan, the goals and objectives of which are:

A. To resolve the problems created by existing blighted conditions so that unused and under used properties can be placed in productive condition and utilized at their highest and best use.

B. To enhance opportunities for commercial, industrial and tourist-related property to be developed, redeveloped, improved, rehabilitated and conserved in ways which will:

1. Ensure that the infrastructure and other public facilities within the Development Area are adequate to accommodate current and future development;

2. Encourage the expansion and development of businesses and industries that will produce jobs for the people of Grants Pass;

3. Increase property values so that the Area will contribute its fair share to the costs of public services, provided by the City, County, School District and the Rogue Community College District.

4. Protect the livability of adjacent residential areas and the natural and man-made quality of the Rogue River, the public parks, and of the County Fairgrounds.
5. Leverage the Development Agency’s financial resources to the maximum extent possible with private investment and other funding sources.

C. To improve the City’s economic vitality and its ability to provide municipal services at lower tax rates.

602. ACQUISITION OF REAL PROPERTY

A. INTENT: It is the intent of this Plan to authorize the Development Agency to acquire property within the Development Area by any legal means to achieve the objective of this Plan, and specifically, for any of the purposes listed in Subsection 602-B below.

B. METHOD: Property acquisition by the Development Agency, including limited interest acquisition, is hereby made a part of this Plan and may be used to achieve the objectives of this Plan based on any one of the following
criteria:

1. Where existing conditions do not permit practical or feasible rehabilitation of a structure and it is determined that acquisition of such properties and demolition of the improvements thereon are necessary to remove substandard and blighting conditions;

2. Where detrimental land uses or conditions such as incompatible uses, or adverse influences from noise, smoke or fumes exist, or where there exists over-crowding, excessive dwelling unit density or conversions to incompatible types of uses, and it is determined that acquisition of such properties and demolition of the improvements are necessary to remove blighting influences and to achieve the objectives of this Plan;

3. Where it is determined that the property is needed to provide public improvements and facilities listed in Subsection 601 above, and as follows:
   a. Right-of-way acquisition for streets, bridges, alleys, bicycle paths or pedestrian ways.
   b. Facilities for the benefit of the public which are to be developed by the Development Agency, the City, or any other public entity;
   c. Property acquisition for public parks, recreation, community centers, and public off-street parking facilities; or
   d. Where the owner of real property within the boundaries of the Development Area wishes to convey title of such property by any legal means, including by gift.

4. Property which has been identified for acquisition in conjunction with street right-of-way and park expansion projects as follows:
   * Reservoir #9 -- off Sky Crest
   * Spalding right-of-way -- from Beacon to “E” Street
   * West Park intersection -- redesign with 6th Street
   * West Park right-of-way -- from 6th Street to Flower Street
   * Ringuette right-of-way -- from Union Avenue to Highway 199
5. Where a substantial public purpose will be served, consistent with the objectives of this Plan, by such acquisition of real property.

603. IDENTIFY PROPERTY FOR ACQUISITION

Because the Development Agency has not identified specific property scheduled for acquisition by the Agency as of the date of approval of this Plan by the City Council. Prior to the acquisition of any property by the Agency, should such property be required at a future date, three separate actions shall have been completed as follows:

A. PUBLIC HEARING AND APPROVAL BY THE DEVELOPMENT AGENCY. The Development Agency shall identify the specific parcels of property under consideration and shall identify the specific purpose or purposes for which the acquired property would be used. The subject of the property considered for acquisition shall be set for public hearing by the Agency following the publishing of a notice of such hearing as required by law and after mailing to the owners of such property notification by letter, posted by registered mail with a return-receipt of delivery requested. Following such public hearing, the Agency shall take whatever action it deems appropriate.

B. If the Development Agency’s action is to acquire the property that was considered at the public hearing, then an approved resolution describing the Agency’s action and a map, graphically describing such property together with a written legal description of such property shall be included as a minor amendment to this Plan, conforming with the provision of Section 1201, and a copy of the map and written legal description shall be assigned appropriate exhibit numbers and placed in Part 2 of this Plan.

C. Further, such resolution, map and written legal description shall be recorded as a minor amendment to this Plan with the Recording Officer of Josephine County in the same manner as the recording of the original Plan as required by Section 1100 of this Plan.

604. PROPERTY ACQUISITION FOR NON-IDENTIFIED PROJECTS
If any acquisition is undertaken in connection with a project other than one or more of the projects identified in subsections A, B, C, D, E and F of Section 601 and with subsections A and B of Section 602 of this Plan on the date of adoption of the City Council Ordinance approving this Plan, such acquisition shall constitute a substantial change/amendment within the meaning of Section 1203 of this Plan and ORS 457.085 (2) (h).

605. RELOCATION ACTIVITIES

Should the Development Agency acquire property which is occupied and which would cause the displacement of the occupants, the Agency shall provide assistance to persons of businesses to be displaced. Such displaces will be contacted to determine their individual relocation needs. They will be provided information on available space and will be given assistance in moving. All relocation activities will be undertaken and payments made in accordance with the requirements of ORS 281.045 - 281.105 and any other applicable laws or regulations. Relocation payments will be made as provided in ORS 281.060. Payments made to persons displaced from dwellings will be assured that they will have available to them habitable safe and sanitary dwellings at costs or rents within their financial reach. Payment for moving expense will be made to businesses displaced.

Prior to acquiring any property which will cause households, businesses, offices or other uses to be displaced, the Agency shall prepare, adopt, and maintain a Relocation Policy conforming to the provisions of ORS 281.045 -281.105. Such policy will be available to interested parties at the Agency’s office and will set forth the relocation program and procedures, including eligibility for relocation program and procedures, including eligibility for and amounts of relocation payments, services available and other relevant matters.

606. PROPERTY DISPOSITION AND REDEVELOPER OBLIGATIONS

A. PROPERTY DISPOSITION. The Development Agency is authorized to dispose of, sell, lease, exchange, subdivide, transfer, assign, pledge, or encumber by mortgage, deed of trust, or otherwise any interest in real property which has been acquired by them in accordance with the provisions of this Plan and with the terms and conditions set forth in a Disposition and Development Agreement mutually agreed to by all affected parties.

All real property acquired by the Development Agency in the Third Bridge Corridor Development Area, if any, shall be used or disposed of for development consistent with the uses permitted in this Plan. The Development Agency shall obtain fair re-use value for the specific uses to be
permitted on the real property. Real property acquired by the Agency may be disposed of to any other public entity without cost to such other public entity, in accordance with the provisions of this Plan. All persons and entities obtaining property from the Development Agency shall use the property for the purposes designated in this Plan, and shall commence and complete development of the property within a period of time which the Development Agency fixes as reasonable, and shall comply with other conditions which the Development Agency deems necessary to carry out the objectives of this Plan.

The Development Agency shall provide adequate safeguards to ensure that the provisions of this Plan will be carried out to prevent the recurrence of blight. All real property owned or leased by parties, shall be made subject to the provisions of this Plan. Leases, deeds, contracts, agreements, documents, and declarations of restrictions by the Development Agency may contain restrictions, covenants, covenants running with the land, rights of reverter, conditions precedent or subsequent, equitable servitudes, or any other provisions necessary to carry out this Plan.

B. REDEVELOPER’S OBLIGATION. A Redeveloper is any public entity or private party who acquires property from the Development Agency. 2. The Redeveloper shall develop or redevelop such property in accordance with the land-use provisions and other requirements specified in this Plan;

3. The Redeveloper shall submit all plans and specifications for construction of improvements on the land to the Development Agency or such of its agents as the Agency may designate for review prior to distribution to appropriate reviewing bodies as required by the City and shall comply with all applicable requirements of existing City codes and ordinances;

4. The Redeveloper shall commence and complete the development of such property for the use provided in this Plan within a reasonable period of time as determined by the Development Agency;
5. The Redeveloper shall not effect or execute any agreement, lease, conveyance, or other instrument whereby the real property or part thereof is restricted upon the bases of age, race, color, religion, sex, marital status, or national origin in the sale, lease or occupancy thereof;

6. The Redeveloper shall accept all conditions and agreements as may be required by the Development Agency. In return for receiving assistance from the Development Agency, the Development Agency may require the redeveloper to execute a development agreement acceptable to the Development Agency as a condition of the Development Agency providing assistance; and

7. The Redeveloper shall maintain developed and/or undeveloped property under his ownership within the area in a clean, neat, and safe condition.

607. BUILDING, LAND AND PUBLIC IMPROVEMENTS LOAN AND GRANT FUND

With funds available to it, the Development Agency may promulgate rules, guidelines, policies and establish a below market value loan fund for the rehabilitation and restoration of existing buildings and a grant fund for the purchase of property and installation of public improvements for new or expanding businesses located within the development area.

Such loans or grant funds is hereby deemed an appropriate adjustment to this plan to eliminate blight and to further the objectives of this plan.

609. OWNER PARTICIPATION
